VOL. 71 NO. 107

VICTORIA, B.C., FRIDAY, NOVEMBER 4, 1927—22 PAGES

PRICE FIVE CENTS

CHANGES IN B.N.A. ACT NOW SUGGESTED

FLOODS EAST OF GREAT LAKES CAUSE DEATHS

Eastern Townships of Quebec and Parts of New England States Suffer

Families Driven From Homes and Train Services Disrupted

Quebec, Nov. 4.—One man lost his life and four all railroad workers were more or less seriously injured when a Canadian National Railway work train was derailed between St. Cyrille and Drummondville to-day, following the washing out of a bridge, occasioned by heavy rain during the past two days in the district.

P. Campden, section foreman, Victoriaville, was killed.

Sherbrooke, Que., Nov. 4.—With railway roads and highways washed out at many places and bridges swept away by roaring torrents, traffic in general throughout the Eastern Townships of Quebec Province is at standstill to-day, while manufacturing plants in several sections have been forced to shut down because of the floods, as a consequence of a torrential rainfall during the last two days. The damage caused will amount to many thousands of dollars, and it is likely it will be several days before general repairs have been made.

The levels of the different rivers rose several feet within a few hours last night, and in many instances the river so overflowed their banks. Only for the fact the levels of the lakes had been very low this fall, the total damage would have been tripled.

AUTOS MAROONED

It is stated Magog is crowded with automobiles that have been marooned. Several cars attempted to get through from Magog to this city last night, but very few were successful, and the majority were forced to call upon farmers to tow them out of the mud and water and return to Magog. Fall farming generally is held up and will be for some time.

RAIN CEASES

Rain started about 8 o'clock Wednesday night and continued from that time, resulting in 4½ inches. Late this morning the rain stopped and a general improvement in conditions is looked for.

The C.P.R. maritime train which passed through here last night from Montreal was derailed near Bedford Lake, two of the baggage cars jumping the rails as the result of a weakened roadbed. Traffic was blocked.

Milbury, Mass., Nov. 4.—A woman and two children were drowned when the dam on the Blackstone River at Smith Village, in this state, gave way to-day. The woman was believed to be a Mrs. Putnam.

DEATHS REPORTED

Boston, Nov. 4.—Three lives were lost in the collapse of the Backet dam to-day, according to a telephone report to Commissioner of Public Safety Foote from Corp. Martin Joyce of the State Patrol. Joyce reported extensive damage elsewhere and highways generally blocked.

Boston, Nov. 4.—Floods of unprecedented volume gripped three New England States to-day.

CHURCH DEBATE DEPLORED BY INGE

Dean of St. Paul's Makes Statement on Views of Bishop Barnes

London, Nov. 4. (Canadian Press Cable)—Recent criticisms by prominent churchmen of the views of Right Rev. Ernest William Barnes, Bishop of Birmingham, on the Sacrament of Holy Communion, are referred to cautiously to-day in a statement by Very Rev. W. R. Inge, Dean of St. Paul's Cathedral, London. The "Gloomy Dean" comments particularly on the Archbishop of Canterbury's reply to the Bishop of Birmingham on the matter of the latter's condemnation of the doctrine of transubstantiation. He says:

"I am not concerned to defend all Bishop Barnes has said about the Sacrament, but my chivalrous feelings revolt when I see archbishops and bishops joining the mob of gutter-snipes pelting one of their order."

The Primate declares we are all agreed transubstantiation is the doctrine of the Church of England, but he has nothing to say about 3,000 priests who in 1924 signed a declaration which he himself declared was in complete accord with Roman doctrine on this subject."

Southern Alberta Has Fall of Snow

Lethbridge, Nov. 4.—A heavy soft snow is falling to-day throughout southern Alberta. Threshing operations are suspended. More than twenty-five per cent of the threshing remains to be done.

Plane Prepared For California-Australia Flight

Planning a 9,500-mile flight from San Francisco by way of Honolulu and other islands to Australia, Capt. Charles Kingsford-Smith (right) and three companions are tuning up their large three-motored Fokker monoplane, the Southern Cross, in California. Kingsford-Smith is one of the best known Australian aviators. The picture above shows how the motors are placed.

CALIFORNIA COAST DISTURBED TO-DAY BY EARTH SHOCKS

Tremors Heaviest at Cape Thirty-five Miles North of Santa Barbara

Los Angeles, Nov. 4.—An earthquake of considerable duration but apparently of only of moderate intensity was felt along the California coast from Santa Maria to Santa Barbara at 5:32 a.m. to 5:55 a.m. to-day.

Telephone reports reaching here from Ventura described the quake there as being of about one minute's duration, starting at 5:32 a.m. No damage was reported from any point.

RAILROAD TRACKS SHIFTED

The tremors apparently were heaviest in the vicinity of Honda, a rockbound promontory about thirty-five miles north of Santa Barbara. At that point the crew of the southbound passenger train "Coaster" found the tracks thrown slightly out of alignment. After a halt which occasioned a delay of about an hour, the train proceeded cautiously. Southern Pacific officials said traffic could continue at slackened speed.

FIVE SHOCKS

At Santa Maria five shocks were felt over a period of less than five hours, the second of which, at 5:49 a.m., was the most severe. Shocks on the Malibu Peninsula to-day.

(Concluded on page 10)

Col. R. S. Knight Died in Edmonton

Edmonton, Nov. 4.—Another old-timer of old Northwest Mounted has passed away in the person of Colonel R. S. Knight of Regina, assistant commissioner of the present force, who died early to-day in a local hospital after two weeks' illness.

Colonel Knight joined the old force in 1890 and thus had been in the service thirty-seven years. He was stationed at various times at Dawson, in the Yukon, Winnipeg and Regina. He was sixty-two years old at the time of death. He leaves a widow, a son and two daughters.

Alexander G. Ross Died in London

London, Nov. 4. (Canadian Press Cable)—Alexander Galt Ross, last surviving son of Hon. John Ross, Attorney-General Upper Canada, 1854-56, and a Senator of Canada, 1907-11, died here to-day. Mr. Ross was engaged in a bill discounting business and was active in literary and social circles.

GOLF SOCKS SAVE THE WOOL INDUSTRY

San Francisco, Nov. 4.—Short skirts threatened the wool industry, but golf socks have put new life into it.

Such was the assertion of W. P. Wing, secretary of the California Wool Growers' Association, at the twentieth annual convention of the association here to-day.

The demand for socks had more than used up the wool left on hand when skirts climbed from the ankle to the knee, Wing declared.

EARLE NELSON, ON TRIAL IN WINNIPEG, IS DECLARED SANE

Psychiatrist Says Man Charged With Murder Is Normal

Winnipeg, Nov. 4.—The taking of evidence at the trial of Earle Nelson here on a charge of having murdered Mrs. Emily Patterson was concluded this afternoon.

Winnipeg, Nov. 4.—Direct evidence was produced to-day by the prosecution at the trial of Earle Nelson here to prove the man charged with having murdered Mrs. Emily Patterson of Winnipeg is absolutely sane and physically normal.

The medical evidence with which R. B. Graham, K.C., prosecutor, indicated he would seek to undermine the insanity plea of the defence, was dramatically introduced after the prisoner's wife and aunt had placed Nelson's life history, replete with eccentricities and "often terrifying deeds," before the jury.

The mental state of the accused was described by Dr. A. T. Mathers, psychiatrist of the Winnipeg General Hospital, who told of having visited Nelson in his prison cell periodically over a period of nearly four months.

ALL TESTS TRIED

Dr. Mathers testified he had examined the prisoner thoroughly for mental derangement and other abnormalities. Every test known to medical science, the witness declared, had shown him to be perfectly sane.

QUESTION ABOUT PLEA

Constable McBae, who guarded Nelson in the Winnipeg police station, was called.

"What was the question which Nelson asked you on the morning of June 23, when he was awaiting his preliminary arraignment?" Mr. Graham asked.

(Concluded on page 10)

DEFENCE EVIDENCE AT MOVIE TRIAL

F. Lear Heard in His Own Behalf at Proceedings in Vancouver To-day

Vancouver, Nov. 4.—Taking the witness stand in his own defence, F. Lear, in the assize court here to-day denied he had made certain representations which had been sworn to by prosecution witnesses, in connection with the promotion of the First National Cinema Studio Syndicate.

The trial of Lear and John Andrew Anderson, who are charged with conspiring to defraud the public, is expected to be concluded this evening. Provisions which had been sworn to by prosecution witnesses, in connection with the promotion of the First National Cinema Studio Syndicate, were denied by Lear.

WAS AT COURTHOUSE

Schell was employed by Lear and Anderson as a stock salesman and testified at the preliminary hearing in the police court. He was in the court-house to-day.

(Concluded on page 10)

FOUR DEPUTIES IN FRANCE OUT OF JAIL FOR SESSION

Paris, Nov. 4.—Four communist deputies, Marcel Cachin, Jacques Doriot, Andre Marty and Jacques Duclos, were released from Sainte Prison last evening. It is understood, however, that they will be at liberty only during the sittings of Parliament, and it is likely they will have to eat their Christmas dinner behind the bars during the parliamentary recess.

THREE-YEAR TERM FOR LIQUOR THEFT

Cress Sentenced in Vancouver; Magistrate Asked to Display Leniency

Vancouver, Nov. 4.—Robert Cress, who pleaded guilty to complicity in the robbery of the Cordova Street Government liquor store here September 11, was sentenced to three years in the penitentiary by Magistrate Shaw in the police court to-day. He also was given a three-year sentence, to run concurrently, for stealing an auto truck.

"Judge, I ask you to be lenient with me for the sake of my wife and children," said Cress. "They are the ones who will suffer. If you will be lenient I intend to go straight when I get out of jail."

Magistrate Shaw answered: "I can not see any reason why I should make any difference between this case and that of Wright."

Charles Wright recently was sentenced to three years on the same charge.

(Concluded on page 5)

Features Carried In Times Special Saturday

Issue On Sale To-morrow

Oppenheim's gripping short story called "Drama in the Doll's House," Charles Lucietto's thrilling tales of the exploits of the Allied Secret Service agents during the war, news and comedy features comprise the supplement in Saturday's Times.

Oppenheim has something novel in the way of short-story prose. Lucietto, the French master of the spy system, comes to grips with the enemy strategists.

Professor W. T. Allison has his weekly contribution on books and literary men of the day.

Robert Connell tells an interesting story of an uninteresting plant—the potato.

There is a page for children of special appeal and another of European news which covers a continent by cable. The page for women is another specialty.

There are the usual four pages of comics of universal interest.

TRANS-B.C. ROAD URGED TO OTTAWA

Vancouver, Nov. 4.—When the subject of highways, which is on the programme of the Interprovincial Conference at Ottawa, is reached, the Native Sons of British Columbia have asked Premier Maclean to insist upon the construction of a road across the province by the Federal Government as part of a transcanada highway.

Chief Factor C. W. Steens of Post No. 2, Native Sons of British Columbia, last night telegraphed to the Premier urging this action and quoting authorities in support of the move.

DOMESTIC RATE BIG ITEM FOR B.C. FARMERS

New Figures Show Spread Over Export Rate Important Factor Here

Difference in Two Rates Costing Importers Over \$250,000 Annually

The difference between domestic and export grain rates prevailing in this Province, following the recent rate revision of the Railway Commission, is costing the poultry and dairy business over a quarter of a million of dollars a year, according to figures just prepared by the Department of Agriculture here.

On the importation of prairie grain for domestic use last year, the excess paid by British Columbia agriculturists over the amount payable on an export basis was \$232,000, the new figures reveal.

RATES VARY

Under the Railway Commission's revised grain rates to this coast, from the prairies for export at a rate of twenty cents per hundred pounds. Grain covering the same distance, but intended for use in this Province, moves on a rate of forty-one and one-half cents. Before the recent revision, the domestic rate was forty-six cents and the export rate twenty-one cents.

The figure of \$232,000, representing the total spread between the two rates on last year's business, is based on an importation of 1,080,000 hundredweight (twelve and one-half bushels) of grain for domestic use. If domestic rates had approximated export rates the consumers of grain here would have saved this amount.

AGRICULTURE INTERESTED

The Department of Agriculture interested itself in the matter as the poultry and dairy businesses are chiefly concerned with the cost of grain brought here. Leaders of these industries have contended for years that one of their chief obstacles is the high cost of feed.

Home Bank Rulings Made in Toronto

Toronto, Nov. 4.—Judgment on three counts in favor of the liquidators of the Home Bank was given here yesterday against the estate of T. S. O'Connor, who was secretary to the late President Daly of the bank. First judgment was for \$4,566 in favor of the liquidators, the second for \$30,495 was on notes in the foreign department of the bank, and the third, \$6,500, was for double liability on Home Bank shares.

Winnipeg Election

Winnipeg, Nov. 4.—J. Queen, M.P.P., is the choice of the Independent Labor Party to contest the mayoralty in the coming Winnipeg election. He was chosen at a meeting last night.

PREMIERS' CONFERENCE DEBATES ALTERATIONS IN CANADA'S CONSTITUTION

MANY CANDIDATES WILL ENTER CITY DECEMBER POLLING

Aldermen William Marchant and R. A. C. Dewar Decline Mayoralty Nomination
Alderman John Harvey Again in Field, With Several New Names

Three of the five retiring members on the city council announced to-day their intention of standing for re-election to the aldermanic board.

Alderman William Marchant, chairman of the public works committee, said that though he had been approached to stand for the office of chief magistrate, in all probability he would file his name for aldermanic office as before.

"In all probability I will stand for re-election to the council as alderman. Not a few have urged me to run for the mayoralty, but most likely, my choice will lie with the aldermanic board," stated Mr. Marchant.

Alderman R. A. C. Dewar, chairman of the city land committee, is now definitely in the field for re-election to the council. Mr. Dewar is completing his eighth continuous year on the aldermanic board, and has been four years identified with the administration of city lands. Mr. Dewar was approached early to run for the office of mayor, but has elected to stand for a council seat in 1928.

Alderman John Harvey, chairman of the parks committee, will be again in the field, he stated to-day, and will file his name for return to the aldermanic board. In point of years Mr. Harvey is the oldest member on the council, though not in point of service. He is a member of the directorate of the Jubilee Hospital, as well as city representative on the Friendly Help and the Children's Aid Society.

British Firms At Canton Boycotted

Hongkong, Nov. 4.—An anti-British boycott has been functioning in Canton since yesterday. Many uniformed pickets at the customs house and wharves seized goods and searched the Chinese passengers.

\$100,000 FIRE AT NIAGARA

Niagara Falls, Ont., Nov. 4.—Fire early to-day swept the McElvick Block, a three-story brick building on Queen Street here, opposite the City Hall, which housed stores and apartments. The loss is placed at nearly \$100,000.

GRANTED DIVORCE BY MOSCOW COURT

Moscow, Nov. 4.—In record time, about two minutes, the People's Court of Moscow yesterday granted a divorce from Yulia Ignatievna Chaliapina, whom he married thirty years ago. Mme. Chaliapina did not appear in court. She was represented by her daughter, Irene, and a lawyer.

Chaliapin, a singer of the Metropolitan Opera Company, was made his home in New York.

When the suit for divorce was filed Moscow dispatch said it had come as a complete surprise to Madame Chaliapin.

Both are in their fifty-fifth year.

Feodor Chaliapin

Moscow, Nov. 4.—In record time, about two minutes, the People's Court of Moscow yesterday granted a divorce from Yulia Ignatievna Chaliapina, whom he married thirty years ago. Mme. Chaliapina did not appear in court. She was represented by her daughter, Irene, and a lawyer.

Chaliapin, a singer of the Metropolitan Opera Company, was made his home in New York.

When the suit for divorce was filed Moscow dispatch said it had come as a complete surprise to Madame Chaliapin.

Both are in their fifty-fifth year.

More Flexible System Than Now Permitted by British North America Act Suggested in Proposals Laid Before Federal-Provincial Conference at Ottawa by Hon. Ernest Lapointe; Views Expressed by Premiers Differ; No Final Decision Reached

TWO PLANES AT AZORES TO TRY OCEAN FLIGHTS

German Machine With Three Aboard Arrives at Horta From Lisbon

Horta, Island of Fayal, Azores, Nov. 4.—The Heinkel hydroaeroplane, D-1230, on a flight to the United States by way of the Azores and Newfoundland, arrived here at 2:50 p.m. to-day from Lisbon, Portugal.

PLANE WAS DELAYED

Lisbon, Portugal, Nov. 4.—Another attempt to span the Atlantic by air started to-day when the Heinkel hydroaeroplane D-1230 hopped off here at 6:15 a.m. for the Azores, approximately 1,000 miles distant.

The plane, flying to New York from Wernsmuende, Germany, had been here since October 18.

The Heinkel hydroaeroplane's flight is backed by the Hamburg-American Steamship Line. It is the latest of a series of flights of the Junkers plane D-1230, now at the Azores with Lilli Dillenz, Viennese actress, as a passenger, awaiting favorable weather for the continuation of its transatlantic flight to New York.

TRANSPORTATION TEST

The flights of the two planes are regarded in German aviation circles as an indication the Hamburg-American Line is making preparations for the development of a transoceanic air service. The company is reported to be concerned lest the German Aerial League obtain control of the new field.

The D-1230 flew from Amsterdam to Vigo, Spain, 1,000 miles, October 16. It made the 250-mile hop from Vigo to Lisbon October 18.

Horst Merz, said to be the best German air navigator, is pilot of the machine. Wilhelm Meier is radio operator and co-pilot, and Fritz Rhode is mechanic.

The D-1230 is equipped with pontoons and carries a 300-horsepower Packard motor.

Auto Brake Tests Now Are Urged

Vancouver, Nov. 4.—Quoting statistics to show thirty-nine per cent of automobiles have defective brakes, T. A. Fletcher of the Vancouver police commission at a meeting of that body to-day urged an effort should be made to secure legislation making the testing of brakes compulsory.

Inauguration of compulsory brake testing in New York and Chicago had resulted in a great decrease in accidents, said Mr. Fletcher.

BIG NEW IRRIGATION PLANS IN ABYSSINIA

New York Firm's Contract Said to Violate British-Abyssinian Treaty

New York, Nov. 4.—A new scheme for the economic development of the realm of the Queen of Sheba is announced. A \$20,000,000 contract for construction of a dam across the Blue Nile near Lake Tana, negotiated between the Abyssinian Government and the H. G. White Engineering Corporation of New York, is described as the opening step in an ambitious programme for the cultural and material reconstruction of the ancient nation.

IRRIGATION PLANS

Irigation of great desert tracts is the purpose of the dam. Substantial profits from the sale of water accruing to the Abyssinian Government are expected to enable the reigning regent to embark soon on a plan calling for the employment of United States teachers, physicians, technical men and skilled artisans, with a view to throwing off the feudal which has held the country back through many centuries.

Negotiation of the contract, which London dispatches said had caused considerable "surprise" in British official circles, was carried through by (Concluded on page 10)

Ottawa, Nov. 4.—Hon. Ernest Lapointe, Minister of Justice, submitted to the Interprovincial Conference here this afternoon a scheme under which Canada would have a right to amend her own constitution.

Under Mr. Lapointe's scheme—submitted to the conference, it is understood, rather as a question for discussion than as formal Federal Government proposal—legislative authority would be secured from the British Parliament under which Canada would have the right to amend the constitution within certain limitations.

The suggested limitations are: 1.—On ordinary suggestions, the constitutional amendment would have to be passed by a definite majority of both Houses of the Parliament of Canada and of the Provincial Legislatures.

2.—In matters affecting racial minorities and similarly important questions, unanimity for the constitutional amendment would have to be secured.

Mr. Lapointe's scheme, he suggested, said it was in line with the development of Canada's national status. The Federal Government, he added, would welcome expressions of opinion.

During the discussion in the conference, divergent and well-defined opinions developed. Some of the provincial representatives held they had no complaint to make against the present method of securing constitutional amendments. They thought the suggested changes might form a dangerous precedent and felt the position of minorities might not be improved.

Supporters of the suggestion, however, declared the right of minorities would be assisted under the scheme. They added that while there had been constitutional amendments in the past, on only one occasion had the provinces been consulted.

No definite decision in the matter was reached by the conference.

BLUE SKY LAWS

After the discussion of the constitution the delegates took up the Companies Act and Blue Sky legislation.

Pre-conference discussions described the older provinces, generally speaking, as opposed to any changes in the British North America Act, some being very firm on this point, while the prairie provinces, with some support from British Columbia, were expected to advocate the setting up of some definite procedure which could be followed if it should be thought desirable to amend the act. Western members of Parliament have frequently in the House of Commons advocated amendment of the act.

TWO SCORE LOST LIVES IN HARBOR DISASTER AT SYDNEY

Thirty-five Bodies Recovered Following Sinking of Ferry by Liner

Sydney, N.S.W., Nov. 4.—The number of bodies recovered from the wreckage of the ferryboat Greycliff, which was crushed in a collision with the New Zealand steamer Tahiti yesterday, reached thirty-five this afternoon, and it was feared the death toll of the disaster would be found to be forty-five.

Divers are working in the hull of the sunken boat in an effort to recover other bodies, since most of those who perished were trapped in the cabin of the ferryboat, which sank in the harbor here within three minutes of the collision after a terrific explosion in the engine-room.

AVIATRIX KILLED

Mrs. Miltie Bryant, one of Australia's first woman fliers, was one of those killed in the disaster.

Many children were on the ferry at the time and school boys labored heroically to rescue from the water, children who were unable to swim.

Fredrick Corley, a fireman, dived from the deck of the Tahiti and rescued several who were struggling in the water. Fred Jod, a deckhand on the ferry, saved many who had been injured in the collision.

Nineteen persons were still in the hospitals to-day and twenty-seven had been treated and sent to their homes.

FIRE NEAR NANAIMO

Nanaimo, Nov. 4.—Fire of unknown origin destroyed the boiler house of the Nanaimo Lumber Company's new mill near here this morning, resulting in \$20,000 damage.

"APE-BOY," NURSED BY BABOONS

Cape Town—South Africa's "baboon boy," a native who was taken by baboons in babyhood from his kral, was cared for by a baboon foster-mother for years and spent a large span of his boyhood roaming the wilds, is now civilized and happy.

About twenty-five years ago, two troopers of the old Cape police were making their way through the wild country in the Southeast Cape Province when they came on a troop of baboons. They fired at them and the troop scampered away, but one monkey seemed to be wounded. The troopers to their astonishment, found instead of a baboon, a well-grown native boy hopping along on all-fours after his departed associates.

WOULDN'T USE "HIND" LEGS

He scratched and bit them fiercely before being overpowered.

All efforts to trace the captive's parentage proved futile; he was handed over to the authorities of a mental hospital who kept him for a year and gave him the name of Lucas. The lad was unable to talk, and showed a marked distaste for normal food. Raw meat and prickly pears proved to be his favorite diet, and his appetite was enormous. Though mischievous, he was not vicious, and soon warmed up to his captors. It was found difficult to make him rely on his hind legs as a means of locomotion.

Efforts were made to place the lad with some one who would undertake to train him. O. H. Smith, owner of a large farm in the Bathurst district of the Cape Province, heard of Lucas and the same day, twenty-four years ago, the "baboon boy" came into the hands of his present employer.

Smith found the boy to be covered with scars, uncommonly like bites. One leg had apparently been broken years before and had set extremely well, while on the top of his head was a scar which Lucas, when asked to talk, said was the result of a kick from an ostrich. His special devotion in life is given to children.

To-day Smith would not exchange his one time doubtful bargain for any other two native workers, for Lucas, if not ahead of others in intelligence, most certainly leads in industry and reliability. He will work a late winter garden and run a ten-mile errand without a rest. At heavy work the "baboon boy" has no equal throughout the countryside.

Lucas, telling of his early days, said one big baboon used to take him in his arms on cold nights and put him warmly to sleep in the bush. Sometimes he would be taken to a tree and there he would be collected from the ground to appease the pangs of hunger.

Lucas has found it impossible to shake off one failing of his early days—he has absolutely no sense of time. Sun-up and sun-down convey nothing to him, and he must always be called to do a certain thing at a certain time.

He has no special liking for baboons nowadays. There is one at Smith's farm, captured in babyhood, but he has been petted in middle age by an indulgent household—but Lucas is scarcely on speaking terms with it.

WAS WEAK AND RUN DOWN, ALL FOOD DISAGREED

Enjoys Fine Appetite, New Energy and Feeling of Health Since Turning to Husky

Before I started the Husky treatment I was very weak and nervous and my general health was poor," said Mr. W. Oakley, 1118 Seaside Drive, Vancouver, recently as he was telling how he had been benefited by Husky, the herb preparation, distributed by the MacFarlane Drug Co.

Mr. Oakley, who is a lather, tells of his experience with Husky as follows: "My system was very run down, my appetite was poor and whatever I eat would turn sour, causing gas to form on my stomach."

The shortest distance from the Atlantic to the Pacific across the United States is between points near Charleston, S.C., and San Diego, Cal., the distance being 2,150 miles.

A good cook back in the days of ancient Rome commanded a salary sometimes as high as \$5,000 a year.

Old records of an Ohio court show that a man convicted of theft was punished by being "divested of his apparel, tied to a tree and subjected to mosquito bites for one hour."

Forty thousand roses are required to make one ounce of attar of roses.

In England, where dogs are allowed to roam front gardens after dark, postmen on the last round frequently endorse letters "Dog loose in garden" and hold them back for morning delivery.

E. D. HILL

This man says that indigestion, headaches and nervousness have not bothered him in the least since he turned to Husky. Before they were always with him.

all the time and so weak and run down that I could hardly work.

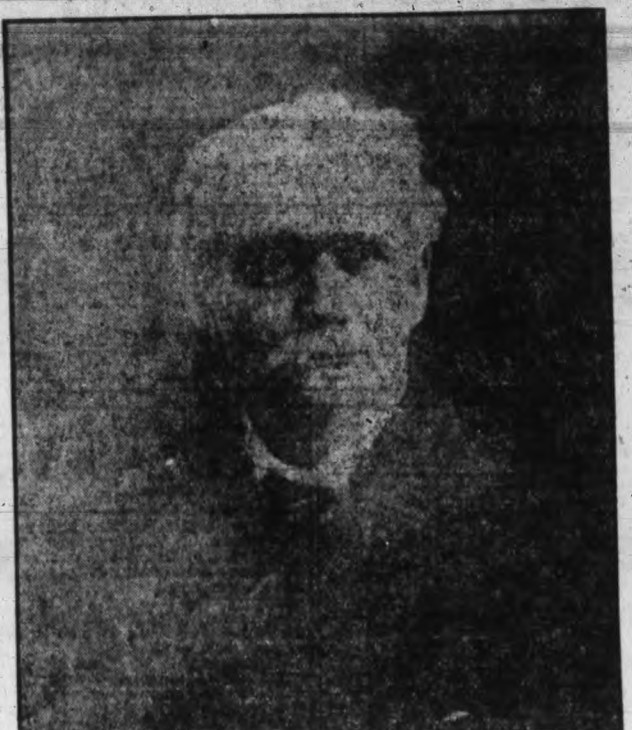

Then I heard of Husky and started its treatment. I have been greatly benefited by the preparation, now have a good appetite, more strength and a feeling of real health. My food is agreeing with me and I am no longer in that nervous state all the time."

Husky has an extraordinary beneficial effect on the stomach, liver, kidneys and bowels and by dissolving spasm, constipation, colds and other catarrhal affections, rheumatic pains, nervousness, unsound sleep and weak, tired feelings.

Call At MacFarlane's

Everyone suffering in any way Husky is recommended to relieve is urged to call at the MacFarlane Drug Co., Husky headquarters, and have this medicine and its uses explained.

(Adv.)

The late Charles A. Semlin, who was Premier of British Columbia from 1898 to 1906.

SEMLIN'S DEATH REMOVES CHIEF FIGURE IN GREAT POLITICAL COUP OF 1900

Former Premier Survived Colleagues Who With Him Were Dismissed From Office by Lieutenant-Governor, and Then Staged Unprecedented Demonstration Against Joseph Martin's Meteoric Ministry; Most Dramatic Events in History of B.C. Politics Are Recalled by His Decease.

The last of the pioneer British Columbia public men who played a leading part in the greatest political drama this Province ever produced, was removed by the death of Charles A. Semlin, former premier, at Cache Creek, near Ashcroft, yesterday. Almost all Mr. Semlin's associates, who shared in the spectacular events of 1900, have been dead for many years. A man of ninety-one, he remained after them a venerable link with political movements, which have no parallel in modern Canada, and probably in any other part of the British Empire.

Mr. Semlin was the storm centre of politics at the beginning of 1900, when his administration, appointed in 1898, was heading for the rocks. It was his dismissal by Lieutenant-Governor McInnes that provoked the Legislature into open revolt against the King's representative, and caused a scene such as no British Parliament witnessed before or since. Old-timers here still remember the excitement of those times, followed by the short-lived and somewhat ridiculous Government of the late Joseph Martin—in all a stirring and grotesque chapter in the history of the Province.

MINISTRY WAS TOTTERING

January 1900 found the Semlin Ministry tottering. Mr. Martin, the most forceful and voluble member of the Legislature, suddenly joined the Opposition against the Government at the session of the Legislature opened. Weakened by his direction, battered by his bitter attacks, and crippled by the capricious and precocious support of one of its adherents, the Government hobbled along for about six weeks, sometimes with a majority of one on the floor of the House.

SPECTACULAR TIMES

Personalities and mutual recriminations filled the days of the session. The Opposition, led officially by the late Mr. Turner, but with Mr. Martin always in the van, evolved a hundred strategies to waste time and build up the Government's programme. The whole arsenal of parliamentary obstruction was ransacked for weapons to annoy and hamper the unfortunate Ministry.

While this condition prevailed, the Semlin Government, following in the steps of the Elliott Government of 1878, introduced a resolution, the purpose of which had been made in the opening speech from the Throne. Mr. Martin supported the Ministry on this bill until it reached its second reading. Then Mr. Turner moved an amendment that the bill be not read a second time until full and adequate information and maps had been submitted to the House. Up to this time Mr. Martin voted against the Government, and worse than that, carried with him J. D. Prentice, thus making a vote of nineteen to eighteen against the administration.

The House was in chaos. Apparently no Government could carry on, and while leaders were casting about for some way out of the dilemma, the Lieutenant-Governor intervened. He gave the Premier until February 27, to decide whether he would resign or ask for a new election. Mr. Semlin did neither; but in the interval arranged a coalition with three Opposition members and informed the Governor that he could carry on with a working majority. In the face of this, the Governor, taking the situation in his own hands and openly flouting the House, dismissed the Semlin Ministry.

ASSEMBLY ROUSED

Announcement of this step greeted with fierce opposition the Governor. A motion was made that the House adjourn, but his recall was proposed, but lost. In the end, after a fiery speech of twenty-two to fifteen, "This House, being fully alive to the great loss, inconvenience and expense to the country of any interruption of the business of the House at the present time, begs hereby to express its regret that his Honor has seen fit to dismiss his advisers, as in the past, carried with him J. D. Prentice, thus making a vote of nineteen to eighteen against the administration."

cern, whose uniforms brightened the effect of the picture.

A STRANGE PICTURE

The imposing pageant advanced at slow march up the centre aisle toward the Throne, and His Honor slowly mounted the steps. It was noticed that between him and Mr. Speaker Foster not a movement of any kind in salutation was made. The two men, simply looked straight at one another, they gazed at each other, having removed the mace, Mr. Speaker slowly turned away and went down the left side to the floor of the House. His Honor immediately taking the chair. The officers grouped themselves on the steps and on the dais beside His Honor. All this took only a few moments to do, but while this was going on the platform every member of the House had left the floor going out by the doors nearest to their own seats, and when His Honor looked up after sitting down it was to behold the strangest spectacle that every greeted the eyes of a representative of Queen Victoria, or any other British monarch, as he sat on the Throne. The floor of the House from the foot of the throne to the north door, where an old man, apparently wandering for time being, stood peering into the hall, runnily undecided whether to enter and take a seat or not. From the galleries burst a storm of derisive laughter, and calls and rappings. The officers of the escort seemed much embarrassed.

GOVERNOR EMBARRASSED

His Honor visibly whitened and appeared for the moment nonplussed. He coughed slightly, put out his hand toward the private secretary, withdrew it and pulled down the peak of his cocked hat; then pressed his spectacles more closely to his eyes. Then he took from the secretary's hands a copy of the speech, and turned it upside down, so he turned it round and coughed again. The uproar in the galleries continued; the naval and military officers fringed a little and looked somewhat uncomfortable and much surprised. It was painful to observe the nervousness of His Honor, who pressed his hands over his eyes in evident agitation, and for the time being seemed not to know what to do. Mr. Joseph Martin stood near the clerk's desk as impassive as a statue; he showed signs of neither agitation or anger. He was, perhaps, the only countenance in the whole assemblage that was absolutely immobile.

His Honor rose slowly, the speech in his hands, bowed with formal motion to the empty benches, and apparently began to read the speech for a while, but he soon found that he was unable to do so. He then turned to the clerk's desk and began to read the speech for a while, but he soon found that he was unable to do so. He then turned to the clerk's desk and began to read the speech for a while, but he soon found that he was unable to do so.

HIS HONOR JEERED

Some strident-voiced spectator yelled at intervals: "Where are they?" at which pleasant the disorder was renewed tenfold. Amidst this uproar His Honor went doggedly on to the end of the address, the final sentence of which caused pandemonium to break loose again: "I now release you from further attendance." It ran, and he bowed to the empty, silent House, eerie in its emptiness and silence, the galleries fairly shrieked with laughter, and derisive comments were shouted by men who hung over the edge. The only members of the assembly who heard the speech read were Joseph Martin and Speaker Foster, the one standing on the right, the other on the left, of the throne. Immediately the speech was read, His Honor stepped down from the chair, followed in two-deep order by his escort and marched slowly down the centre aisle toward and through the north door.

PANDEMONIUM UNCHECKED

Cheers, hisses, groans, hoots, stampings, rappings—a perfect hurricane of sound—accompanied the march of the governor's party, all the way to the exit, the galleries being frantic with excitement. One man screamed ironically across the head of His Honor to the frenzied crowd on the other side: "Three cheers for MacInnes." Howls of laughter and renewed thunders of applause and hisses and boogies intermingled, greeted this sally. No sooner had the last man of the escort issued from the hall into the rotunda than the members surged back into the chamber from the corridor amid the uproarious applause of the galleries. The tumult continued for some minutes. Then Mr. Price Ellison, waving his hat round his head and addressing the galleries shouted: "We are people!"

PUBLIC INCENSED

"All the world and his wife," as it seemed, came to the Legislature, and soon the galleries were filled to their utmost capacity with men whose faces clearly indicated that they expected to see something unusual. The gallery could scarcely have accommodated another fair spectator, and many of them were sprinkled through the general galleries, public toilets setting off with very pretty effect the dull costumery of the men folk. By two o'clock there were only a few members present on the floor of the House, but in the corridors a stormy hum of conversation proved that great events were on the tremble. Members stood in groups in respect of the situation of things. Then the Speaker took the chair at 2.10 p.m. and prayers were read, the vast audience reverentially standing in silence and waiting for the members present. Almost before the people had resumed their seats Mr. Prentice was on his feet and every head was inclined toward him. He said it was a question of privilege, and he moved, seconded by Captain Irving: "That this House has no confidence in the Minister for Vancouver City, Mr. Joseph Martin, who has been called by the Lieut.-Governor to form a government."

TUMULT IN HOUSE

Wild cheers burst from the galleries and the members joined in the overwhelming note of approval. Silence had been restored at call of order from the Speaker and sergeant-at-arms. Mr. Speaker declared that this motion would require two days' notice and that it could only be moved by the unanimous consent of the House. Of course, if the House expressed its wish the motion could be put. This the House did with one of the heaviest "aves" ever heard in the assembly hall.

At this moment, amid deafening applause for the carrying of the resolution, Mr. Speaker received orders to resume the bar of the House, as His Honor and retinue were waiting to enter and the sergeant-at-arms hurried to the brass rail that means so much in the pomp and circumstance of parliamentary government, and hoisted it up and back. The big doors at the north end of the hall were then thrown wide open and a spectacle was unfolded to view that brought a buzz of admiration from the assembled throng. His Honor, resplendent in gorgeous gold-laced uniform, cocked hat, with white ostrich plumes, carrying a gold-bitted court rapier, was seen for a moment standing under the full glare of the brilliant sunshine that streamed in from the dome behind him, in formation of two deep, were several naval, military and militia off-

DR. MACLEAN PAYS TRIBUTE TO WORK OF LATE EX-PREMIER

Premier Says C. A. Semlin Aided Much in B.C.'s Progress While in Public Life

Ottawa, Nov. 4.—Informed of the death yesterday of Charles A. Semlin, a former Premier of British Columbia, Premier J. D. MacLean, who is an Ottawa attending the Dominion-Provincial Conference, expressed deep regret. He recalled that Mr. Semlin had, during his public career and also in those years after he had withdrawn into private life, served the Province faithfully and well.

"He contributed much toward the upbuilding of British Columbia," stated Premier MacLean, "and he left his mark on the Province."

Mr. Semlin, said Dr. MacLean, was a constituent of his, the Premier representing Yale in the Provincial Legislature.

"In the very best sense, Mr. Semlin was a real old-timer," said the Premier. "He was in office after I myself went to British Columbia in 1898, and although his term as Premier was not lengthy, he accomplished many things for the good of British Columbia."

Get Weight on Your Skinny Body

New YEAST with IRON adds pounds of weight

Quick results—or pay nothing

If you are many pounds underweight, have a simply, poor complexion, tire easily and have little appetite, then you need the good solid body-building tonic, IRONIZED YEAST. This yeast is treated with iron taken from fresh vegetables—spinach, lettuce and celery. In this form iron is easily assimilated by the body, making rich, red blood and toning up nerves and muscles.

When Yeast is ironized in this way it is most effective—for iron is needed to build out the weight-building values of Yeast. By this formula, ironized Yeast gives you results in half the time required by yeast and iron taken separately.

You Need Yeast to Gain Weight

IRONIZED YEAST is two tonics in one—weight-building Yeast and strengthening iron. The yeast is the same used in making bread, and which makes milk so beneficial. This yeast is treated with iron taken from fresh vegetables—spinach, lettuce and celery. In this form iron is easily assimilated by the body, making rich, red blood and toning up nerves and muscles.

Results from first treatment—or your money back

Get just a single course treatment from your druggist today. If you are not absolutely satisfied with the same and health benefits, return the bottle and your money will be promptly refunded. If inconvenient to buy at the druggist, send for the CANADIAN IRONIZED YEAST CO., Ltd., Fort Erie, Ont., Desk 1208.

trees and shrubbery have been planted to add to its beauty.

It is estimated that gas tanks having a combined capacity of more than 1,000,000 cubic feet are now in service in the United States to provide for a demand aggregating nearly 500,000,000 cubic feet a year.

GAS TANKS' NEW USES

"Adding to its everyday function of supplying the community with fuel, the gas tank has recently taken to itself new and widely varied tasks," says the New York State Committee on Public Utility Information.

A Western gas company has made its gas holder into a valuable guide to aviators by having painted upon its crown a white arrow 130 feet long and fifteen feet wide. This arrow, which points toward the nearest landing field, can be seen from an aeroplane for a great distance.

Another gas company, in the East, has converted an abandoned gas tank into an ornamental swimming pool. The telescopic segments of the holder were removed after which there was left a circular tank fourteen feet deep and forty-two feet in diameter. It holds 150,000 gallons and is fed by a nearby spring. A slate walk has been laid around the edge of the pool, and

EAST BEGINS TO LAUGH AT NEW PLATFORM

Winnipeg Document Merits Ridicule, Conservative Toronto Financial Paper Says

Pompous Imbecilities and Indigestible Features Make It Problem For Tory Editors

Toronto, Nov. 4.—The press of Canada is still attempting to digest the Conservative platform expressed in resolutions at the Winnipeg convention. The Conservative Financial Post of Toronto says in a front page editorial this week.

"The platform is proving to be exceedingly indigestible. It was, of course, a platform containing many pompous imbecilities, and fortunately for Canada no one seriously expects the Conservatives to stand by every promise in that platform.

"An attempt was made to please every section of the country and every class in the country; to steal thunder from the Liberals, and take the wind out of the sails of the Progressives; to make many concessions without incurring any serious enemies. Of course, no platform can be drawn that will accomplish such an impossible task.

"If public attention were not diverted so largely to discussion of the new leader and to the Meighen-Ferguson row, the platform would bring down the storm of ridicule it merits. As it is further examined in clear detachment from the atmosphere of the convention it is likely to be accepted by Liberals and Conservatives alike, as no adequate expression of the political viewpoint of Canadian Conservatism.

MEIGHEN SHOWED HIS ABILITY

"It is observed that Toronto Conservatives are patting Mr. Ferguson on the back for his outburst at Winnipeg, an outburst that was somewhat more heated than was necessary, and that was a little too cock-sure to please Mr. Ferguson's best friends.

"Mr. Meighen's brilliant defence at Winnipeg, of his Hamilton war policy speech, was a great intellectual feat and a treat to hear. Whether the occasion was opportune or the policy sound, is for the politicians to discuss. There can be no question as to Mr. Meighen's sincerity and great ability as a leader, a marvelous ability for a problem and presenting it in all its numerous phases. We doubt if there is any other man in Canada who could do this so thoroughly or so brilliantly. He has probably no peer to-day as a parliamentarian. There is no question as to his honesty, his sincerity.

"But can a man of this type ever make a success as an administrator? Does his speech not explain his failure as a national executive? Does not a man of this mentality find so many reasons why action cannot be taken that they never get anywhere? Has any man of this type ever made a success in a big way in business? In this episode Mr. Meighen showed himself primarily the debater. And Mr. Ferguson showed himself to be a politician, with certain human weaknesses.

B.C. WHISKY STOCK UP 400 PER CENT

The distillery stock in the Canadian market which has made the most notable market rise in Brewers and Distillers Limited, The Financial Post says. This stock is now selling at more than three times its par value. It was issued in 1926 at twenty per cent under par. The stock was placed on the market in 1926 at \$4 the share. The total issue was \$4,000,000 of \$5 par value. The bid price is now a shade better than \$16 and little, if any, is to be had in the Canadian market. The stock is listed on the Toronto board, but it also is traded on the Montreal curb. Its real market, however, is London.

RISE IS SUDDEN
The rise from \$10 to \$16 has been sudden and efforts to discuss on this side of the Atlantic a reason for the advance have been futile. It is assumed that something has taken place in London which increases the market value of the stock.

It is known that several members of the board of the Distillers Company Limited, the big British company, are on their way to this side of the Atlantic. There has been a report that a merger of the principal Canadian distilleries under the sponsorship of British capital is contemplated. However, H. C. Hatch, president of Gooderham & Worts and Hiram Walker is quoted as denying that any other had been for the Canadian distilleries.

Brewers and Distillers Limited operates in British Columbia, and the dominating figures on its board are believed to be Henry Reifel, president, George C. Reifel and Henry F. Reifel, all of Vancouver. The company was formed in 1926 to acquire the stock of British Columbia Breweries, 1918 Limited, and British Columbia Distillery Company Limited. Both subsidiaries continue to operate under their old names for trade reasons.

New Proposal For P.G.E. Extension

Vancouver, Nov. 4.—G. G. McGeer, K.C., British Columbia, freight rate counsel, left here for Ottawa last night with Maj.-General F. A. Sutton, to work for the construction of a railway connecting Vancouver and the Peace River District. A definite proposal for the line will be laid before the representatives of the Government of Alberta and British Columbia, who are now in Ottawa, and the Dominion Government.

The proposal involves the taking over of the Edmonton, Winnipeg and British Columbia Railway from the Government of Alberta and the Pacific Great Eastern Railway from the Government of British Columbia and the completion of these two railway systems to provide a continuous line of railway from Edmonton to Vancouver through the Peace River country.

Our Great November Coat Sale Continues

Wonderful Bargains at \$25.00, \$29.75 and \$37.50

1008-10 GOVERNMENT STREET

LOST BOY DROWNED

Ivy Bridge, England, Nov. 4.—While 200 mounted horsemen were scouring

the desolate, forbidding reaches of Dartmoor for him yesterday, eight-year-old Willie Thompson, who had been lost since Tuesday, lay dead on a river

bank near Red Lake, close to his home. The little fellow is supposed to have been drowned while attempting to cross the river in an attempt to escape

LONG TRIAL NEARS ITS END AT NELSON

Nelson, B.C., Nov. 4.—That engine 3134, alleged to have caused the Summit Lake fire of July 15, 1925, was an hour on the road at the time set down in the record book as that at which it was inspected by R. B. Milne, Kaslo shop foreman, was revealed when Mr. Milne was on the stand here yesterday, the seventh day of the \$200,000 fire damage action against the Canadian Pacific Railway Company brought by six timber operators of that district.

This fact was brought out in cross-examination when Mr. Milne explained that the 8 o'clock he had entered in the book as the time of the inspection was actually the time he came on duty and that he had made the entries on this basis on the instructions of the master mechanic. The inspections, he said, were actually made in each case on the preceding day, while the engine was at Kaslo between runs.

Aside from this, he claimed, the inspections fully complied with the requirements of the Railway Commission. T. C. Peck, conductor of the train, testified as to what he had seen of the fire when the train made an emergency stop at the fire point.

AREAS CRUISED

All the rest of the day was taken up with the direct examination of Alan de Wolf, head of the De Wolf Construction Company, Cranbrook, who made a cruise of all the areas covered by the fire for the railway company. His final conclusion after a full day on the stand was summed up in the statement that he figured the timber of the ten licenses of the Mid-Pacific Timber Company, the largest of the claimants, if handled by a mill on Summit Lake of 40,000 feet daily capacity, with 140 running days in the year, taking eight years to cut, would cost \$24,000,000. He said, however, that he had no measure to the saw, plane, ship and sell, on the average, exclusive of the cost of stumpage, while the average selling price would be \$21. From this he argued it was not a commercial proposition. The lesser claimants, he said, were in about the same position.

Growing
Children
Need
Vitamins

It is all important for the welfare of the young child and its normal progress in growth and health—the formation of a strong bone structure, that the body be kept adequately vitamin-nourished.

The handicap that so often hinders the normal progress of children, is a failure to obtain from the daily diet a full quota of essential vitamins, the kind that abound in emulsified cod-liver oil, as in Scott's Emulsion.

To children who are pale, under-weight, inclined to weak, soft bones or rickets, and who evidently are not obtaining the needed vitamins, give emulsified cod-liver oil in the form of

FORMER PREMIER SEMLIN

THE DEATH OF MR. CHARLES A. SEMLIN removes the last of those who composed the first Parliament of British Columbia on this Province's entry into Confederation. With the exception of a short span, he was a member of the Legislature from 1871 to 1903, and from 1898 to 1900 he occupied the important office of Prime Minister.

Practically the whole of the late Mr. Semlin's public life ante-dated the introduction of the party system into British Columbia politics. In his day personalities had more to do with the fortunes of a government than partisan cleavages and clearly defined lines of policy. No doubt if he had been asked to say what his political faith was, he would have called himself a British Columbian. It is doubtful if he was interested in the movement towards the drawing of party lines that had got under way, clandestinely if not openly, while he still was in a position to align himself one way or the other. His retirement from public life dates from the time when the party system began.

The late Mr. Semlin laid claim neither to brilliance nor aggressive leadership. He was a kindly man, who understood the meaning of citizenship and discharged his obligations with a thoroughness and sincerity which enhanced his popularity with all with whom he came in contact. These were the characteristics of the man whom the farmers and the stock-breeders of the Interior knew so well. Up till the end he was vitally interested in the problems of rural life, with which he was familiar, and to the solution of which he always could be depended upon to bring ripe experience and sound judgment.

To his neighbors he always was known as "Charlie"—and woe betide the individual who suggested that advancing age was any handicap to a lively interest in everything that was going on around him. Here is the secret of his ripe old age. His life was well lived; he came of the right stock. He left the world better for his having lived in it.

SENATE REFORM

SENATE REFORM IN CANADA HAS been a stock campaign article of both political parties at election time for the last half century; but it remains an abstract subject with not much prospect of the reform about which so much has been heard. So it is not surprising that the interprovincial conference now in session at Ottawa has decided to recommend no definite course and confine itself to business in which some progress may be made.

Most people understand, of course, that the political party in office at Ottawa appoints members to the Upper House as vacancies occur and it is pretty sure of their support in all matters where the fortunes of the Government may be involved. As long as a party has a majority of its own supporters in the Senate it says nothing about the need of Senate reform; only when it is a minority in the Upper House does it demand drastic action.

A Senator is appointed for life. As soon as he takes his seat he has done with the electorate for all time. It is this irresponsible nature of the body, quite out of harmony with the principle of representative government, which furnishes the main argument in favor of reform.

Australia, for instance, has a Senate composed of thirty-six Senators who are elected to serve six years, half of them retiring every three years. Provision is made, moreover, in case of a prolonged disagreement with the House of Representatives, for dissolution and the election of an entirely new Senate. New Zealand has a Legislative Council, comparable to a Senate, of forty members who are elected for seven years. The Senate of the Union of South Africa is composed of forty members also; of these thirty-two are elected, eight being nominated by the Governor-General-in-Council, four of whom are selected for "their acquaintance with the reasonable wants and wishes of the colored races."

In Great Britain, of course, the hereditary and appointive system no doubt will remain for some time to come, despite the recent "feeler" for reform which Premier Baldwin threw out, a course which he promptly regretted and called it merely "a basis for discussion." The House of Lords can not deal with money bills. The Parliament Act of 1911 did away with its veto in this regard. Of the lot, therefore, our Senate is the least responsible to the public.

STILL MORE EMPLOYMENT

THOSE WHO HAVE ANY DOUBT about the soundness of existing conditions in this country should be reassured by turning to the statistics and economists, who study the situation in the light of facts and figures. The latest report of the Dominion Bureau of Statistics, for instance, referring to the position at the beginning of September, showed

continued improvement in the employment situation and good prospects for further expansion. The 6,079 firms reporting showed a combined working force of 905,756 persons, as compared with 900,621 in the preceding month. The increases over the numbers at the corresponding date in the preceding three years were 48,000, 131,000, and 166,000 respectively. The index number was 109.7—considerably higher than in any month since the record was commenced in 1920.

To appreciate the full significance of the above figures, it must be remembered that they do not include agricultural workers. "The present situation," sums up one commentator, "is that work is available for everybody desirous of working." An employment report issued by the Royal Bank of Canada, incidentally, points out that the situation is substantially better than that in the United States. The remarkable record of prosperity that is presented shows that there are no factors in the general situation "which can be classified as very unfavorable, and only two which can be considered as unsatisfactory." These two are fishing, which obviously is due to bad catches on both coasts, and animal production, which is in some way counteracted by the higher prices obtained for store cattle.

POPPY DAY TO-MORROW

AT THE STREET CORNERS OF THE city to-morrow taggers will sell poppies.

In buying one you commemorate the sacrifice of those who lie in Flanders' fields. You provide partial employment for their maimed comrades who are still carrying on. You provide funds which are used in supplying emergency relief to veterans who are not fully rehabilitated and to the widows and orphans of those who have done their bit. If we will keep faith with those who lie in Flanders' fields, we must keep faith with their maimed comrades.

Buy a poppy to-morrow.

PESSIMISTIC DR. TOLMIE

LEADING MEN IN THE COMMERCIAL world, banking institutions, special newspaper investigators and visitors from other countries have been telling us for months past that Canada is in a prosperous condition and that British Columbia is especially favored. But that makes no impression on the mind of Dr. Tolmie. You can not persuade him that the wave of prosperity to which Hon. J. D. MacLean and other prominent Canadians have referred several times lately is a wave at all; rather does he incline to the belief that it is "something in the form of a backwash."

There is no need to mention the salient facts relating to the cheerful economic position of British Columbia and the rest of Canada. The people of this country have seen them recited in the newspapers for the last two years and they are thoroughly familiar with them. Some were led away by the blue-ruin propaganda with which the Conservative Party saturated the country in the election campaign of 1925; but they discovered their mistake in a very short time and acknowledged it by their action in last year's election. Since then, of course, conditions have continued to improve. Dr. Tolmie knows this as well as anybody else; but in the absence of a policy he apparently thinks it still is good business to reiterate the old and discredited blue-ruin cry.

WHAT OTHER PAPERS SAY

CANADA AND MEXICO AS NEIGHBORS
From The Spokane Spokesman-Review

Mexico is not a good neighbor. The Canadians, by way of sharp contrast, are good neighbors. We have had peace and cordial friendship with Canada for more than 100 years; we have had almost incessant trouble with Mexico for 100 years.

The attempted justification for all that disorder—that American capital is trying to exploit Mexican resources—is blown away by the fact that the attitude of our government towards American investors in Mexico is identical with its attitude toward American investors in Canada.

The difference is that Canada has a different attitude toward American capital, as we can testify in Spokane and the Inland Empire out of an abundance of experience. Americans gave British Columbia its first big mining development. Americans built the first big smelters there. Americans built the first railroads into that rich region. Americans by the thousands helped to develop the agricultural resources of Alberta and Saskatchewan. On both sides of the line the nationals of the two countries work together in amity and mutual benefit.

JOTS FROM GEOGRAPHY

THE ARCH OF CARACALLA, within the boundaries of Algeria, is one of the best preserved relics of the Roman empire in northern Africa. The arch is located in the town of Djemila, which is found in the heart of a very beautiful valley. The Roman craftsmanship shown in the far outposts of the empire is the marvel of the moderns.

DO YOU KNOW—

That baby alligators have supplied California with a new and novel industry. Hundreds of tiny "gators" are shipped from Los Angeles daily, to people all over the country who desire them for pets and also as fly-catchers.

1. Pass.
2. Pass.
3. A singleton or a sequence.

Canadian Questions and Answers

FOREIGN CAPITAL IN CANADA

Q.—How much foreign capital has been invested in Canada?
A.—Investments of foreign capital in Canada total \$3,310,000,000 according to figures compiled by The Financial Post Survey, Toronto, and appearing in the 1927 edition of that publication just issued. These capital investments are divided in the compilations as follows:

United States of America \$3,016,000,000
United Kingdom 2,111,000,000
Other Foreign 183,000,000

\$3,310,000,000
The flow of foreign capital to Canada still continues, although this country is itself a large investor abroad. In the past three years, around half a billion dollars of American, British and other outside capital has come to Canada, to be invested in the development of our natural resources and in the extension of the economic superstructure of the country, its railways, public services, etc. The total investment of outside capital in Canada is large amount, but not to be regarded as dangerously out of proportion to our total national wealth estimated a few years ago at \$22,000,000,000 and probably exceeding \$25,000,000,000 at the present time.

The WEATHER

Daily Bulletin Furnished by the Victoria Meteorological Department

Victoria, Nov. 4—5 a.m.—The barometer remains high over this Province and the weather is fine. Clouds continue in the Pacific Slope. Cloudy, moderately cold weather prevails on the prairies.

Barometer—Barometer, 30.16; temperature, maximum yesterday, 55; minimum, 40; wind, 10 miles N.E. rain, 19; weather, raining.

NEED EDUCATION IN TEMPERANCE CAUSE

Local Prohibitionists Would See Teaching in Schools

The executive committee of the Prohibition League met on Thursday evening when it was announced that a vigorous policy of education would be pursued.

Delegates to the Provincial Convention to be held in Vancouver on November 14 and 15 were appointed. In discussing the future plans of the league, Mr. Humphries, the president, stated that it was their intention to carry on an intensive educational campaign in the interests of the temperance cause. Many people, he said, have erroneous ideas in regard to the objects of the league. "Some think that we want to make people good by legislation. We have no such purpose," said he, "nor could we hope to succeed if we had. We think we are endeavoring in every legitimate way to make it hard to do wrong and easy to do right." It is the old question "The bottle or the boy, which?"

"When the people decided that Government control of liquor traffic, they were promised that it would mean the complete elimination of the boot-legger, and remedy all the other ills that were alleged to have been caused by prohibition. In the light of the revelations made at the recent Customs inquiry, it is evident to all fair-minded people that Government control does not control. There is one other way, and that is, to prohibit the manufacture or importation of alcoholic liquors. This is the ultimate goal in view," meantime, said he, "any measure of reform will be supported by the advocates of Dominion-wide prohibition."

In carrying out the programme of the league, Mr. Humphries stated that he had been assured of the hearty cooperation of ministers, W.C.T.U. members and other temperance organizations. "We intend," said he, "to visit Sunday schools, young people's organizations and congregations in order to bring before them the harmful effects of alcohol, both from the physical and moral standpoint, and also from the economic. One may not feel disposed to refer to the United States as an example of a prosperous nation under a prohibitory law."

"The fact remains," said he, "that on every hand there is abundance of evidence in support of the statement. At the close of 1926 there was a deposit in 28,000 savings banks the sum of \$48,800,000. Professor Irving Fisher of Yale University says prohibition has meant a saving of \$6,000,000,000 annually to the United States. In the Province of British Columbia it is stated that we spent last year on alcoholic liquors no less a sum than \$21,549,494, made up as follows: Government-liquor stores, \$13,808,089; beer parlors, \$9,744,409; imported privately (approximately) \$4,000,000. This is more than twice the amount spent on education including university. Less for construction, more for destruction. There is no denying the fact that if this huge sum were not spent for alcoholic beverages the greater part of it would go into legitimate channels of trade."

"To quote the Hon. Philip Snowden, member of the Ramsey MacDonald Government in Great Britain, 'Does not produce wealth, destroy wealth in order to manufacture pauperism, crime, disease, lunacy, poverty and death. The more people that are employed in that trade, the greater is the drain upon the national resources, and greater is the drain upon every productive industry in the country.'

"The verdict of science is alcohol is not a food; it does not nourish the body, build tissues, or repair waste. Alcohol is not a stimulant. The apparent stimulation is a depression of the inhibitory nerve centre. It is a false activity caused by lack of control. Alcohol is a poison, the waste product of a microbe. It is a narcotic depressant appetite forming drug, a racial poison injurious to the individual and the race."

"We intend agitating," said Mr. Humphries, "for scientific temperance."

teaching in all the schools of British Columbia, and also to prevail upon the legislature to prohibit advertising of liquor for sale.

Mr. Humphries stated in this connection that recently when discussing the question with a nephew of his, who is a member of the Ontario Legislature, he was informed, that in that province no advertising of liquor in any form is allowed. There is not even a sign to indicate where liquor may be purchased. This phase of the question, he said, would be fully discussed at the coming convention in Vancouver.

A fried herring.

TURN HAIR DARK WITH SAGE TEA

If Mixed With Sulphur It Darkens So Naturally No-body Can Tell

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good even color, which is quite sensible, as we are living in an age when youthfulness of appearance is of the greatest advantage.

Nowadays, though, we don't have the trouble-some task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product for only 75 cents, improved by the addition of other ingredients, because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive. (Adv.)

"Dad and Mother's Favourites"

For THROAT, CHEST & LUNGS

There is no better safeguard against colds, chills, gripe, sore throats and bad coughs than these silver-wrapped Peps tablets.

Taking Peps periodically during trying winter weather keeps the delicate respiratory organs in healthy condition and protects

against harm to chest and lungs. Sealed up in every Peps tablet are powerful medicinal fumes which pass with the breath down the throat and bronchials into the lungs.

Dr. Gordon Stables and other eminent authorities acknowledge Peps invaluable for young and old.

ENTERTAINMENT FOR TOURISTS PLANNED

Crystal Garden Recommended by Tourist Trade Group as Best Quarters

Plans were discussed at the meeting of the Tourist Trade Group of the Chamber of Commerce to-day for winter entertainments for visitors and tourists to Victoria. C. P. Hill suggested that the same programme as was adopted last year be retained for the coming season, entertainments at the Crystal Garden being the very finest sort of thing for the edification of not only newcomers to Victoria, but to residents here as well.

There was some question of the advisability of continuing a functioning committee from the group to co-operate with Ivan Aude, manager of the Crystal Garden, in arranging their winter programme. The committee was a superfluity, D. W. Campbell said. But Mr. Aude did not agree. The committee had done valuable work, he said, its chief value to be found in the influence it had upon the public.

Alderman John Harvey asked that the old committee be reappointed and requested to act a second year. Mr. Aude suggested that a real visitors' night be set aside for strangers to Victoria. The night originally given over to tourist entertainments had been an influx of a certain "flapper crowd," he said. It was merely a suggestion. On P. R. Brown's motion the matter was put in the hands of the old committee to talk over details with Mr. Aude and report back. At the same time a recommendation that the Crystal Gardens be retained as entertainment centre was passed.

INTERNAL TROUBLE DISTURBS CHINA

Influence of Foreigners Not to Blame, Says University Extension Speaker

In the first of his lectures on "Problems of the Pacific" given under the auspices of the University Extension Association last night at Victoria College, Dean R. W. Brock of the University of British Columbia stated that the trouble in China is due to internal disorders, rather than to the influence of foreigners in that country. The lecturer said that much of the denunciation of the foreigner in China was due to the influence of the Soviet propagandists who, he said, have been very active in the recent struggle. The ideas propagated by such people have given rise to a great deal of misunderstanding, both in the Orient and in outside countries. Unfortunately, the speaker continued, owing to unreasonable racial antipathies, people were sometimes inclined to believe these incorrect statements and shut their eyes to obvious facts. But the Chinese themselves are beginning to see the danger of having these men in their ranks and are now attempting to rid themselves of this unsavory element.

ON VERGE OF STARVATION
At present China is in a chaotic condition, Dean Brock said. Many well-intentioned men are following the wrong course, in that they are trying to remedy effects, instead of getting down to the cause of the trouble. The people are on the verge of starvation and are being plundered by those who have stopped trying to make an honest living, and are managing to exist by turning bandit, he said. Moreover, the value of Chinese money, has depreciated to such an extent that much of it is now worthless. Such conditions have developed many pessimists who see no solution to the present situation, but there are still some optimists who are looking ahead, and prophesying a renovated China fifty or a hundred years hence.

Dean Brock pointed out the fact that China has physical characteristics which are retarding her progress. Owing to the scarcity of railways and other means of transportation, it is exceedingly difficult for her widely scattered population to co-operate in forming a stable central government. Her isolation, due both to this fact and to the diversity of tongues, is very seriously hampering her march forward.

While he found it necessary to make some unfavorable criticism about the Chinese, the lecturer stated that during his visits to China, he had found her people a very lovable type, and he asked the audience to keep this in mind during his lecture.

HOLDING CHINA BACK
Another shackle that is holding China back, is the illiteracy and superstition of its people, stated Prof. Brock. In that country the number

of illiterates is estimated at from ninety-two per cent. to ninety-nine per cent. With regard to the superstition of China, the lecturer cited several examples showing how old beliefs are materially harming this nation. One such belief prevented a road from being cut through a certain hill because that hill was a sacred "tiger" who would have bled to death had the road been cut in the hill-side.

The Chinese, despite their superficial adaptability, are intensely conservative, the speaker said. Their long association with nations of inferior culture has developed in them a consciousness of their own superiority, which prevents them from imbibing modern knowledge. Hence, the speaker said, they are now living under conditions which prevailed in Europe during the fourteenth and fifteenth centuries. This conservatism has caused by the abolition of the emperors, whom they looked upon as the fathers of all, was disastrous since they had lost not only their political but also their spiritual head.

THE CHINESE "FACE"
The old custom, which still persists, is the keeping up of appearances, or what is known as "face." A Chinaman would rather die than lose "face," Prof. Brock said. Even when a thief is caught red-handed, he is not subjected to the indignity of being called a thief, that would entail a loss of "face." In order to evade that great dishonor, the Chinese have developed "the gentle art of prevarication" to a very high and subtle point. They do not consider it immoral, but only a means of avoiding loss of "face."

Such seemingly trivial differences between Oriental and Occidental customs have led to very serious complications. For a foreigner, by directly accusing a Chinaman of some crime, violates one of the Chinaman's most sacred illusions, while the apparently downright lying on his part, frequently aggravates the white-man.

Dean Brock closed his lecture by speaking of the Chinaman's need for supervision in his work. Although he has the ability to work hard, his ideal is a life of leisure, and if China is to go ahead, she must have many good supervisors, the speaker said.

The lecture was followed by questions, C. C. Fuller, who presided, and announced that the next lecture would be given at the Victoria College, on November 17, by Prof. F. C. Walker, A.M., Ph.D. on "Joseph Conrad."

WELSH EISTEDDOD PROGRAMMES ISSUED
Afternoon and Evening Sessions To-morrow in Amphion Hall

The programme for the Victoria Welsh Eisteddod to be held in the Amphion Hall, Gordon Building, Yates Street, on Saturday, is as follows: The juvenile session in the afternoon commencing at 2.30 o'clock with doors opening at 2 o'clock.

THE ITEMS FOLLOW:
AFTERNOON SESSION
Opening, "The Maple Leaf," Chairman's address.
Vocal solo (eight years and under), "I'll Be a Sunbeam" (Alexander).
Recitation (eight years and under), "Did You Ever?" (Frederick).
Adjudication on No. 3.
Vocal solo (twelve years and under), "Plea as a Bird," (Dana).
Adjudication on No. 4.
Recitation (twelve years and under), "Lead, Kindly Light," (Newton).
Adjudication on No. 6.
Reading of winning essay on "Confederation."

Adjudication on No. 8.
Vocal solo (sixteen years and under), "In Happy Moments," (Wallace).
Recitation (sixteen years and under), "Mary's Trust," (Crawford).
Adjudication on No. 12.
Vocal solo (sixteen years and under), open, "Beautiful Isle of the Sea," (Thomas).
Adjudication on No. 13.
Adjudication on work of art (girls, sixteen years and under).
Adjudication on work of art (boys, sixteen years and under).
Recitation (sixteen years and under), open, "The Wreck of the W. J. Pirrie," (Ransom).

Adjudication on No. 15.
Recitation, Welsh, own choice.
Conductor's remarks and announcements.

Adjudication on No. 21.
Adjudication on "God Save the King."

EVENING SESSION
Opening, "Hen Wlad Fy Nhadau," (James).
Pianoforte solo, any age, open, "Country Gardens No. 22," (Grainger).
Adjudication and reading of winning love letter.

Adjudication on No. 2.
Welsh solo, own choice.
Recitation, open, "The Ocean," (Byron).

Adjudication on No. 5 and awarding of Rose Challenge Cup.

Adjudication on No. 15.
Adjudication on No. 17.
Conductor's closing remarks.

"God Save the King."

The Welsh Society's members are asked to note that the usual monthly meeting scheduled for the first Friday in November in the Harmony Hall will not be held. The general public are also asked to take note that their attendance at the afternoon and evening sessions of the Eisteddod will be both looked for and welcome.

The conductor of both sessions will be W. F. Jeune and the accompanists are Mrs. Rhwen Mason and Miss Hilda E. Bird, A.R.C.M.

STRAWBERRY VALE W.I.
The monthly meeting of Strawberry Vale W.I. was held on November 1, when arrangements were completed for the formal opening of the new hall on Ross Road in November 15. Committee appointed were: Reception, Mrs. Williams, Mrs. Foster and Mrs. F. Campbell; refreshments, Mrs. Jones, Mrs. Nancarrow and Mrs. Fridmore; programme, Mrs. Hall; stall of fancy work, Mrs. Campbell.

There will be a home cooking stall on Saturday, November 12, by kind permission of David Grogan, Limited.

A Leicestershire, England, man bought some eggs imported from Egypt and placed them in an incubator. When hatching time came, he found four alligators.

SQUILAX MURDER MYSTERY UNSOLVED

Kamloops, Nov. 4.—A verdict of murder against some person unknown was returned at the inquest on the death of James Craig of Squilax, B.C., shot in the head September 28 last. Five witnesses went on the stand who had heard the fatal shot. They were the murdered man's adopted daughter, Kathleen, aged eleven; a section foreman on the railway, a Finn; a youth, also from Finland, who could not speak English; a little lad of eleven, who saw two sheets of flame in the dark, and an Indian.

Several questions were asked regarding the case of Kathleen, who had worn this garment to Chase on the night of the crime. When she started out with her adopted mother to look for the body next morning, she could not find it. Her mother suggested looking where it was discovered, in an unusual part of the house.

When the girl was awakened by the shot, she testified, she called: "What's that?" No one replied. Her mother's bed was beside her own, but she did not know if Mrs. Craig was in the room.

WIDOW TESTIFIES
Mrs. Craig, frail and feeble and supported by a nurse, gave her story without requiring any assistance. She explained her insistence on seeking so far afield for the body, when it was quite close at hand, by stating she had a mental picture of her husband being upset in his car at an auto camp about two miles from home. When the body was found near home by Hedley Vick.

STOMACH TROUBLE CAUSED AGONY
Mr. Henry Senecal, Desjardins St., Montreal, knows what it is to be tortured with Stomach Trouble. "For the past year," he writes, "I have suffered agonies. Indigestion made me deathly sick, and the pains were hard to bear. I had dizzy spells and racing headaches; sleep was broken; and I was tired all the time. I have lost many a day's work on account of my condition, and I could have saved all this suffering and loss of time had I taken Tanlac in the beginning. For after my fifth bottle of Tanlac, I am now in the best of health—eat anything—sleep well—do a big day's work and have gained nine pounds in the past two months. I gladly recommend Tanlac to anyone." "If you are bothered with Stomach Trouble, Indigestion, Gas, Pain after eating, get Tanlac to-day. Let it help you as it helped Mr. Senecal."

Why not let Tanlac do for you what it did for this sufferer and for thousands of others? It is marvelous to see how it corrects the most obstinate digestive troubles, relieves gas, pains in the stomach and bowels, restores appetite, vigor and sound sleep.

Tanlac is made of roots, herbs and berries—nature's own medicines for the sick. The cost is less than 2 cents a dose. Get a bottle from your druggist to-day. Your money back if it doesn't help you.

Tanlac
52 MILLION BOTTLES USED

THREE-YEAR TERM FOR LIQUOR THEFT

(Continued from page 1)

Cress was arrested in the United States when he drove a truck load of liquor, allegedly taken from the Cordova Street store, across the border. He twice broke jail in Bellingham, Washington, but was captured here last Tuesday evening. In a third attempt to escape he was shot in the leg by local police.

About \$3,000 in cash and an equal amount in liquor were taken in the Cordova Street robbery.

The sum exceeds \$400 and this, with the \$865 recovered when Wright was arrested, reduces the liquor store's loss to \$1,395.

A small car, believed to have been used by the third man sought in connection with the robbery, has been found by detectives and is held pending further investigation.

City Police Dance.—On Friday, November 4, the members of the city police will be hosts at their first bi-monthly dance since their annual ball. An excellent programme of dance music has been arranged and will be played by a good orchestra, there will also be an excellent buffet supper. These dances will be held on the first and third Friday of each month.

Varicose Veins Reduced Or Money Back Says MacFarlane Drug Co.

This Simple Home Treatment Giving Amazing Results

The world progresses. To-day ailments that took weeks to treat can now be ended in a few days. If you have varicose veins or bunions you can start to-day to bring them back to normal size, and if you are wise you will do so.

Just get an original bottle of MacFarlane's Oil at any dispensing pharmacist and apply it night and morning to the enlarged veins. It is very powerful and penetrating, and only a little is required.

After a few days' treatment the veins will begin to grow smaller and

by regular use will soon reduce to normal.

MacFarlane's Oil is also a marvelous healing agent. One application for instance stops the itching of eczema, and a few applications cause the eruptions to dry up, scale up and completely disappear. It is equally as effective in relieving the itching, salt rheum, redness and inflammatory skin trouble.

People who want to reduce varicose veins, or get rid of eczema, ulcers, or piles in a few days should not hesitate to get a bottle at once. It is so powerful that a small bottle lasts a long time. Any pharmacy can supply you. MacFarlane Drug Co., sells lots of it. (Adv.)

Conductor: Mr. Henry McCleary. "God Save the King."

WOMAN SECURED BIG GAME TROPHIES

Winnipeg, Man., Nov. 4.—Princess Strudza, wife of the Counsellor to the Roumanian Legation at Washington, D.C., who was in Winnipeg to-day with her husband on the way home after a month's big game hunting in the Athabasca forest reserve on the borders of Jasper National Park, brought with her the largest game bag ever taken by a woman in one trip. Besides a Rocky Mountain ram and a goat, she brought down a moose, a magnificent animal with a spread of sixty-one inches. Major Fred Brewster of Jasper, who was in charge of the hunting party, declares that this head is singularly large for the territory and to the best his knowledge is the largest taken by a woman in Western Canada.

Princess Strudza also got superb heads of moose, sheep and goat, both hunters were enthusiastic over their trip, the first they have made to this country. "I was very much reminded of the Carpathians, where I have hunted, a good deal," said Prince Michael, "although the Rockies are wilder. Our guides were excellent, we were well equipped and the weather was excellent, although a little cold some nights. We hope to come again perhaps, next time we shall look for grizzlies."

Prince and Princess Strudza intended to pay visits to the Roumanian colonies in Saskatchewan, but urgent matters called the counsellor back to the legation, and he is proceeding direct to Washington, via Toronto, leaving by Canadian National Railway this evening. He plans to return to Western Canada to meet his people here after Christmas.

KING GEORGE DENIES BOBBED HAIR STORY

Baltimore, Md., Nov. 4.—Press reports that bobbed hair among maid servants of England's royal household has been banned have been denied by King George through his assistant private secretary, Colonel Clive Wigram. The denial was made in a letter to Lady Derrick-Swindells of Haleshorpe, Md., in reply to one from her calling the King's attention to the report.

DRAMATIC RECITAL AT VICTORIA WEST

Miss Theresa M. Siegel Presents "The Fortune Hunter"

It could hardly be possible to have a more interesting evening than the one spent in the Victoria West United Church, when a large and appreciative audience gathered on Wednesday evening last, for the recital given by Miss Theresa M. Siegel, presenting Winchell Smith's humorous and highly interesting comedy "The Fortune Hunter."

Miss Siegel possesses great ability as an entertainer, and in this particular presentation, containing a dozen charming acts of widely differing types, she was abundantly successful, in voice accommodation and interpreting ability, to effectively represent the personalities in this most interesting story, which is of a young man who goes to a small country town to win his fortune. He succeeds in a thrilling and unexpected manner. It can be said that Miss Siegel in this effort did not fail for a moment to hold the interest and attention of her audience, as she moved on toward the close of what proved to be a very delightful evening.

This programme was given in three parts and those who assisted were Mrs. Edward Parsons, who rendered with charm and effectiveness the songs, "Rose of My Heart" and "Dawn," and Arnold Trevitt met with warm appreciation as he presented in song, "Invest" and "Keep on Hoping." For fifteen minutes before the programme began, the organist of the church, J. T. Fitter, played a beautiful selection on the organ, and during the evening, accompanied the soloists, and rendered pianoforte solos in a perfect and masterly manner, his meeting with deep appreciation.

Members of Columbia W.A. are reminded of the lecture to be given on Tuesday evening, November 8, in the Christ Church, at 8 o'clock, by the Rev. Dean Quinton on "Sir Thomas More."

To include lantern slides of some English cathedrals, churches, and of Oxford University.

The Dean is very generously giving this interesting lecture on behalf of the literature department of the Diocese of Columbia W.A., for which a silver collection will be taken. This department includes a library which is now in charge of Mrs. Ernest H. Bird, literature secretary, who is well stocked with books, including the various mission fields, especially interesting being those on Africa, which is the special subject for study this year.

There is always an ample supply of instructive literature for sale, including pamphlets on the work of the woman's auxiliary in the various departments.

For the Christmas season the secretary has a supply of attractive and reasonably priced books for sale, and also a calendar which contains a fund of missionary information in a very handsome form.

To keep up a regular supply of up-to-date literature funds are required, and it is hoped that members, with their friends, will take this opportunity of giving their assistance to this important branch of the work of Columbia W.A.

I.O.D.E. CHAPTER BUSY ON PLANS FOR BRIDGE AND MAH JONG PARTY

Final plans were made at yesterday's meeting of the Lady Douglas Chapter, I.O.D.E., for the bridge and mah jong party to be held in the Campbell Building on Saturday, November 19, at 3 p.m., under the auspices of the chapter.

Mrs. Chisholm and Mrs. Walker are joint conveners of the party, and Mrs. Chisholm, assisted by Miss Gill, is attending to the refreshments. Contributions are asked for, and members were requested to notify the conveners.

The meeting opened with a standing vote of sympathy for Miss A. B. Cooke, Municipal education secretary, in the sudden death of her mother. A letter of regret and sympathy with Mrs. R. L. Phillips in her prolonged illness was voted to be sent. The resignation of Mrs. E. C. Hayward as Echoes secretary was received with regret and accepted, as Mrs. Hayward is remaining in Portland for some time.

Mrs. Boyd, education secretary, found a ready sale for the I.O.D.E. calendar, and her suggestion that they be placed in as many schools as possible was endorsed by the chapter. Also Mrs. Maguire will again be supplied for and sent to the Beacon Hill School.

The following ladies have engaged tables for the Lady Douglas Chapter party: Mrs. Dunbar, Mrs. Boyd, Mrs. Barre, Mrs. Tansdale, Mrs. P. Sinnott, Mrs. Colquhoun, Mrs. Holmes, Mrs. Merles, Mrs. Gardiner, Mrs. Aish, Miss Gill, Mrs. Crawford, Mrs. Bradshaw, Mrs. Drummond Hay, Mrs. E. C. Hart, Mrs. G. Simpson, Mrs. C. E. Wilson, Mrs. T. Cooper, Mrs. Colin Cummings, Mrs. H. Currie, Mrs. R. W. Perry, Mrs. Durr, Mrs. Armstrong, Mrs. Barton and Mrs. McMillan.

Teacher: "Is there any connecting link between the animal and the vegetable kingdoms?"

Pupil: "Yes, ma'am; there's hash."

Here Is Full Text of Letter Archbishop of Canterbury Sent To The Bishop of Birmingham

London, (By Mail).—The full text of the letter of the Archbishop of Canterbury to Bishop Barnes is as follows:

"You will not doubt my condemnation of the unseemly incident in St. Paul's. Not by an action of that sort can the cause of truth be reasonably set forward. But speaking generally I think you, too, are mistaken as to what it is that has been evoked from cultured men with scientific, philosophical, as well as theological knowledge, judging from the vehement reprobation of some of your recent utterances.

Regarding these I probably will have received, publicly or privately, more information than anyone excepting yourself. I do not attach great weight to what I have heard described as 'the gorilla sermons.' I believe you over-rate the adherence of thoughtful people to the creation theories of fifty of one hundred years ago; and I scarcely think that among those who listen to you there are a great number holding the opinions you satirize.

For myself I can say at least your position on the biological question in this respect is I understand that any one with which I personally have been familiar for over fifty years. This teaching, however admirable, is to most, not novel. I do not think those who are ready to object with interest and advantage would recognize themselves as 'wistful agnostics.'

You may, I am certain, my dear Bishop, be sure that any one in England desires to drive you no either to Rome or to Tennessee. The words giving rise to the sort of indignation referred to are the words you used in dealing with the sacrament of Holy Communion. It is on what you have said regarding the sacramental doctrines that intelligently and large-minded churchmen, lay as well as clerical, have daily reproached me.

RELUCTANT TO RESORT TO PRESS

I have an intense dislike of the use of daily press for the discussing of such subjects. I purposely refrain from trying in such a letter as this to discuss the profound life-giving doctrines involved, but, of course, I am more than ready to go in to the matter with yourself if you desire. Your open letter forces me, however, reluctantly, to some reply. Formally, publicly, you invite me to 'consider what steps can be taken to help those of us who are giving our best to fit the Church to be, in the future, a spiritual guide of an educated nation.'

It is a large and difficult matter, needing time and care, but I can say at once that in my judgment one of the first steps is to secure a scrupulous use of the most careful language possible in dealing with doctrinal matters of deep solemnity affecting the devotional thoughts and prayers of Christian people.

That duty obligatory upon all Christian teachers is peculiarly incumbent upon bishops, who have to weight the effect of our words upon all sections of the great body to whom we are to be fathers in God. While, as you have truly said, 'smooth, unctuous platitudes' are not enough; yet in all the range of our duties there is none called for more clearly than that of being fathers in God, fatherly carefulness in word and act.

In your open letter you assure me of what you have been doing lately and have been doing for some time as Bishop to uphold traditional sacramental doctrine and to affirm, as we all affirm, that 'the doctrine of transubstantiation is untrue.' Do not let me be misunderstood. Our duty to stem whatever trend there is in that way.

But when I turn to your Birmingham sermon, only to encounter this criticism, I find that the statement you make to me fails to describe fairly what you there said. In your natural, legitimate desire to denounce the few in the Church of England, who hold or teach transubstantiation, you were led to speak of the Holy Communion in a way which quite reasonably, I think, gives real offence to a great body of churchmen and churchwomen, not the least of those who are able to give scholarly as well as relevant consideration to the sacramental doctrine which our church upholds.

HONEST CHURCHMEN HURT

I do not believe you had any intention of wounding the souls of honest, faithful English churchmen, but you ignore or belittle the position of teaching those within our church who stand with such English Bishops as Andrews or Ken, or Wilson, or in our own day, Edward King or Charles Gore.

Your words seem to me capable of being so interpreted as to include in reprobaton, or almost in contempt, the position of the great mass of churchmen who would associate themselves with the teaching of such leaders as, say, my own great masters, Archbishop Lightfoot or Bishop Westcott, or who have caught the devotional spirit of Charles Wesley's hymns.

I prefer to think, if you read my Birmingham sermon in the light of such criticism as your letter has drawn from me, you will feel that what I have said is not unfair.

When I read your words about the grace of Our Saviour's presence being the whole act of worship they leave me wondering whether if you were to consider their implications you would find no further cause to modify the width and scope of your negative and destructive statements.

We all have been impressed in these recent months by the self-restraint and consideration for others shown by many clergy and laity foremost in our prayer-book discussion. To the larger tasks which lie beyond these discussions we Bishops must lead the way. But we shall lead only if we talk 'with all lowliness and meekness and long suffering,' being diligent to keep the unity of the spirit in the bond of peace.

CONSIDER THE THEME OF SERMONS

The widespread interest in the controversy provoked by Bishop Barnes was proved by the fact that it was the theme of the sermons in almost every prominent church in the country. The tenor of the Archbishop of Canterbury's reply was not known to most of the preachers, as it will only be published in Monday's paper, but there was full evidence of the strong feeling evoked.

The Archbishop of York, addressing a big meeting in York Minster, deplored Bishop Barnes' methods in conducting the controversy.

"So far as I am able to estimate his views," said the Archbishop, "his whole conception of the relation of the material and spiritual is strangely narrow and meagre and out of accord with the new trends even of scientific thought."

The Right Rev. Russell Wakefield, president of the Christian Counter-Communist crusade, after reading the Archbishop of Canterbury's mislive to-night, said:

"The reply shows that even our chief finds difficulty in speaking decisively upon the subject of the Blessed Sacrament."

CANON QUOTES ANSWER TO BISHOP

During the service at St. Michael's Church here Sunday the rector, the Rev. Canon G. F. Bullock-Webster, who a week ago entered St. Paul's Cathedral and made a public protest against the teachings of Bishop Barnes concerning evolution and the Holy Communion, referred to a letter he had received from the Bishop of London, in which it was said:

"The course you took last Sunday is really indefensible."

The Rev. Canon Bullock-Webster quoted from his reply to the Bishop of London as follows:

"I have received communications from more than a thousand people who have been compelled to recognize that there was evidently no other effectual means of drawing public attention to the profane utterances of the Bishop of Birmingham."

CHAPTER BUSY WITH BAZAAR—The members of the Florence Nightingale Chapter I.O.D.E. have been busy for the last two months preparing for their annual bazaar to be held on Saturday, November 12, at Gordon's former store, Yates Street. The result of their work is to be seen in numerous articles both artistic and useful, all at prices to suit the most modest purse. The stall will include fancywork, aprons, handkerchiefs, home cooking and candy. A delicious luncheon will be served from 12 until 2 o'clock, and tea will be obtainable throughout the afternoon.

EMPRESS HAS BIG PASSENGER LIST

C.P.R. Liner Has Capacity Cargo For Outward Voyage

Over 800 people sailed last night from here for Japan, aboard the C.P.R. liner Empress of Canada, which cleared at 7 o'clock.

Among the prominent passengers on board were: Mr. and Mrs. E. Guertin, Mr. L. Blevitt-Taylor, Lieut. A. B. S. Clarke, Miss Bessie M. Cairns, H. Jasper Cox, chief surveyor for Lloyd's of London; L. Yates of the Furness-Pacific Line; Bishop H. W. K. Moull, who was returning to China with Mrs. Moull; S. Bohovskiy, M. Mironoff, Mrs. D. Y. Kobinitzky, bound for Russia; Rev. J. S. Placks, N. Matsunaga and family, returning to Yokohama after a holiday in Canada and the United States; Evelyn David and Mr. and Mrs. Samuel Dmitrovsky.

The vessel took out a capacity cargo including apples, butter, beef, flour and automobiles.

FLOODS EAST OF GREAT LAKES CAUSE DEATHS

(Continued from page 1)

Five persons were reported drowned, property losses mounted into the millions, railroads had washouts, cities were cut off from light and power and hundreds of persons were homeless.

Vermont was hit hardest, but the western part of Massachusetts was a close second, while Connecticut reported substantial property losses.

The fury that eighteen hours of torrential rain let loose was unabated to-day.

DAM MENACED

The Chittenden Dam, six miles above the city of Rutland, Vt., was in danger of collapse.

Swollen streams were bursting their banks. The dead included two, and possibly three persons believed to have drowned in a submerged sedan in a Westfield, Mass., house.

A collapsed building at Barre, Vt., and one man in Pittsfield, Vt.

TRAINS STALLED

The storm seemed to have centred its fury at Rutland, Vt. All railroad connection with the outside world was cut off. Torrents of rain poured over high ways, hundreds of householders took to boats and rafts, telephone service was virtually non-existent and the city was without light or power.

A company of the Vermont National Guard was called out.

Conditions at Ludlow, Newport, Bennington, Springfield and Barre went scarcely better. Of the large places in Vermont, Burlington alone seemed destined to escape serious damage, because of its high location.

AUTOISTS DELAYED

A Canadian Pacific wrecking train dispatched to repair a washout on Orleans was marooned by rising waters which had already forced abandonment of numerous automobiles on highways.

From Bethel, Vt., came word that ten bridges had been destroyed. Two large power dams at Horicon were in danger.

In western Massachusetts, North Adams, Pittsfield and Westfield and a number of smaller places were victims of turbulent streams and unabated rain.

BUS PLANS FAIL

The Boston & Maine's trains to and from Chicago were hopelessly detained in the western part of Massachusetts. Attempts to send the passengers through in buses had to be abandoned because of impassable roads.

Northern Connecticut experienced one of the worst inundations in the history of the state when the Farmington, Mad. Still and Naugatuck Rivers rapidly flooded. In western Connecticut, Winsted, Torrington and New Hartford were especially affected.

HOUSES SWEEP AWAY

A score of houses were swept away at North Adams when the south and north branches of the Hoosac River ran riot.

At Adams a militia force was called out. Two street bridges were destroyed, the Berkshire Paper Company's dam was dynamited to save the plant.

DRINK WATER IF BACK OR KIDNEYS HURT

Begin Taking Salts if You Feel Backache or Have Bladder Weakness

Too much rich food forms acids which excite and overwork the kidneys in their effort to filter it from the system. Flush the kidneys occasionally to relieve them like you relieve the bowels, removing acids, waste and poison, else you may feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, the stomach aches, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy full of sediment.

To help neutralize these irritating acids and flush of the body's urinary waste, begin drinking water. Also get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may thank you for it.

This famous salt is made from the purest of natural mineral springs, combined with lemon juice, contains no harmful ingredients, and has been used for years to help clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive and makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help prevent serious kidney and bladder disorders.

YOKOHAMA MARU FIVE HOURS LATE FROM THE ORIENT

Five hours later than she was originally expected, the Nippon Yusen Kaisha liner Yokohama Maru will arrive at the Head Quay station at 5 o'clock this afternoon, according to advice received by A. H. Hebb, local agent to-day. The Yokohama has 150 tons of cargo for local discharge, 113 bags of mail and thirteen passengers.

and the centre of the town was swamped under four feet of water.

TRAIN CANCELLED

All southbound trains from Montreal over the three routes to Boston were cancelled. The northbound Montrealer was pulled out of the Boston & Maine station here without a single sleeping car for the first time in its history. It might be subject to indefinite delays north of the Vermont state line. Other northbound trains moved on a similar basis.

DEFENCE EVIDENCE AT MOVIE TRIAL

(Continued from page 1)

house on Wednesday, according to Provincial Constable Russell Dwyer, but he could not be found yesterday and he has been missing from the Belmont Hotel, where he resided.

Examined by his counsel, Elmore formed the belief that the original surname was Fay and that when his mother died a few years ago he changed this to the name of Lear. There was nothing fishy about that, he contended.

TO ADDRESS ASSOCIATION

Through George M. Schell, stock salesman, he had met Mrs. Chippendale, said the witness, and she had arranged for Anderson and him to address the Caledonian Association in connection with their project. Lear explained Mrs. Chippendale had introduced him to some of her friends after a church meeting and he told them the Caledonian Association was to form a company and to establish a motion picture industry.

SOLD PROMISES

The salesmen were not selling stock, testified Lear, but were selling promises to deliver stock in a company to be formed. He made a distinction between the activities of the syndicate and of the company. The latter, according to Mr. Meredith, has not yet been formed.

When Mrs. Chippendale told him she had paid \$50 to Schell on account of \$500 worth of stock, the witness said he explained she would receive a contract from the syndicate for bar stock as soon as the Schell matter was cleared up. Schell had been arrested on a theft charge in connection with stock collected from stock subscribers.

Questioned about representations to Miss Christina Shearer, who subscribed \$400 of stock, the witness said he told her Christina was coming here to act as director-general of the enterprise and that the syndicate would open offices throughout the world.

From Bethel, Vt., came word that ten bridges had been destroyed. Two large power dams at Horicon were in danger.

In western Massachusetts, North Adams, Pittsfield and Westfield and a number of smaller places were victims of turbulent streams and unabated rain.

Northern Connecticut experienced one of the worst inundations in the history of the state when the Farmington, Mad. Still and Naugatuck Rivers rapidly flooded. In western Connecticut, Winsted, Torrington and New Hartford were especially affected.

San Francisco, Nov. 4.—A slight earthquake tremor which did no damage was felt here at 4:45 this morning.

Bakersfield, Cal., Nov. 4.—A slight earthquake tremor which did no damage was felt here at 4:45 this morning.

Tucson, Ariz., Nov. 4.—An earthquake shock, described as "very severe," was recorded by the United States Magnetic Observatory seismograph here at 6:53 o'clock this morning. A. K. Ludy, in charge of the observatory, stated the duration of the quake was ten minutes.

San Francisco, Nov. 4.—Because its tracks between Surt and Sunda, Santa Rosa, Cal., were damaged by a series of earthquakes to-day, the Southern Pacific Company announced discontinuance of service over this line route until repairs could be made.

The longest authenticated drive in golf is 445 yards, made by E. G. Bliss in August, 1913, at Herne Bay, England.

BARRENDRECHT CREW ARE GIVEN PRIZES

Men Who Rescued Ruth Elmore and Pilot Receive \$1,000 From Wheeling, Va.

New York, Nov. 4.—A cheque for \$1,000 was turned over to the Associated Press yesterday to be given to the captain and crew of the Dutch oil tanker Barrendrecht in token of the gratitude of Wheeling, W. Va., citizens for the rescue of Ruth Elmore and Captain George Haldeman after they were forced down at sea October 13 last while attempting a nonstop aeroplane flight from here to Paris.

The cheque was forwarded by the Associated Press to the Guaranty Trust Company of New York with instructions that the money be sent to-day to the Dutch tanker. The money was telegraphed immediately in order that it could reach the Barrendrecht's crew before they leave port.

Considerable mystery still surrounds the old hulk Reveille discovered drifting in the Straits of Juan de Fuca last week and since towed into Sooke Harbor.

Col. A. W. R. Wilby, agent for the Department of Marine and Fisheries here, stated this morning nothing definite could be ascertained of the vessel's real identity. Shipping men who have been to see the hulk are unable to place it and so far beyond the fact that her name was the Reveille or a similar spelling, nothing has been discovered. It is thought she was a U.S. vessel.

The hulk is about 200 feet in length and was discovered last Saturday morning by the Dominion Government wireless station here and the hulk was later towed to Sooke Harbor where it is now being secured. It is probable she will be blown up as a menace to navigation.

No definite record of a vessel called the Reveille can be found in Lloyd's Register although the 1902-03 list indicates a vessel built at Newcastle in 1876 with the name of Reveil.

He had been accused of assaulting a girl.

At this point Mr. Graham objected. Mr. Stitt asked witness what had happened to the accused and she replied that he had been admitted to the St. Joseph's Hospital for the insane, she thought.

Mrs. Fuller related in detail actions of the prisoner while they lived together for six months. She said he had never laid his hands on her, but he was insanely jealous and acted queerly.

OLD HOME WEEK IN VICTORIA PLANNED

Organizations Asked to Co-operate in Bringing Former Citizens Back

"Plans for an 'Old Home Week' or 'Old Boys' Reunion' for Victoria on the same lines as similar events have been held in other Canadian cities were outlined to directors of the Victoria Chamber of Commerce this afternoon.

The idea is sponsored by the Rotary Club and the objective is to induce as many as possible of former residents of the city who have moved to other towns to revisit it simultaneously. The organization of such an affair, J. Goodrich, secretary of the Rotary Club, pointed out would involve a considerable amount of labor and expense and would need to be backed by the entire community. As a preliminary step the Rotary Club invited a number of service clubs and other organizations to co-operate.

Practical waiting reported attending a meeting last month where representatives of Victoria organizations discussed the subject. The idea was endorsed. The delegates were to report back to their organizations.

Mayor J. C. Pendry proposed the idea be endorsed and suggests that it be held under the name of "Old Home Week" or "Old Boys' Reunion." She will take on 700,000 feet at Ogden Point Docks.

The Japanese freighter Hayo Maru cleared last night for the mainland to complete her lumber cargo for Japan.

Sa. Princess Marguerite logged off 42,686 miles during the operation in the 1927 season. The Kathleen cruised 41,981 miles. The Marguerite made 23,500,647 revolutions and the Kathleen 21,730,810.

The O.S.K. liner Arabia Maru cleared at 6 o'clock yesterday, after having cleared for the Orient with a capacity cargo.

The Donaldson liner Moverla cleared for Vancouver at 5:45 p.m. yesterday after discharging U.K. cargo here.

LANGFORD BIRD IS CHAMPION EGG LAYER

English Buyer Secures Some
Entered in World Show

Langford, Nov. 4.—T. H. Hayward of Allandale, Goldstream Road, obtained first place in the Dominion egg laying contest at Ottawa, his Leghorns laying 2,324 eggs, the highest in the contest.

William Bradley of the Langford Poultry Farm has just sent six of his Leghorn cockerels and six Leghorn hens by the Canadian Pacific Express to Arthur Snowden of Clayton Hall, Yorkshire, England. Mr. Snowden, who visited Victoria and Langford recently for the contest, also purchased two Wyandotte cockerels and four Wyandotte hens from J. B. Jeffery of Millstream Road.

A social evening has been arranged for

by the Women's Institute committee for next Wednesday, November 9.

Mrs. Alex. G. Mackie of the Gowans, Goldstream Road, will hold her annual Armistice tea on Friday, November 11. All visitors will be heartily welcomed.

TOLMIE FAILS TO FIND PROSPERITY

Conditions Not so Good as
They Should Be, Leader
Warns Conservatives

British Columbia is not nearly so prosperous as many people think, Hon. S. F. Tolmie, Conservative Party leader, declared in an address before a joint meeting of Saanich Conservatives of Ward 1 and Three in St. Aidan's Church Hall last night.

"We have been hearing a great deal from Premier Maclean about a wave of prosperity sweeping over the country," said Dr. Tolmie. "I do not know that it is a wave, or whether it is not something in the form of a backwash."

He denied that he was taking a gloomy view of the situation, and declared he was telling only the facts. The people of British Columbia knew that the business situation here was not what it should be in a country so rich in natural resources as British Columbia. Conditions were not as good as they were a few years ago, he affirmed.

He attacked Government financing, declaring the Liberal administration had increased taxation heavily and at the same time piled up huge deficits. Estimates for public works had been largely exceeded in many cases, he stated.

The Conservative leader renewed his suggestion that the Province undertake a industrial opportunities. R. S. Twining, chairman of Ward Three, presided at the meeting. A very acceptable programme of music and recitations was given during the evening. Included was a violin solo by T. Fisher, vocal solo by Mrs. Erikson, vocal selections by Mrs. F. O'Brien, song by Capt. Lake, recitations and banjo selections by P. Deasy. Mrs. Poulton acted as accompanist. Refreshments were served at the close of the evening. The arrangements were in the hands of a committee of which Mrs. Darcus was convenor.

METCHOSIN TO HONOR DISTRICT PIONEERS

Plan to Perpetuate Memory
of Early Settlers

Metchosin, Nov. 4.—Arrangements were completed Wednesday by the Metchosin Women's Institute for pioneer night to be held in the Metchosin Hall on November 25, and committees were appointed to assist in all details. A Scottish piper will be in attendance to accompany the grand march, and everything will be done to provide a very sociable and enjoyable evening.

The secretary reported that Mr. Maynard has promised to make a special rate on any pictures of pioneers and pioneer homes sent to him to be reproduced, and the members expressed a desire to have two prints of each, one to be kept by the institute and framed and hung in the main hall and an album provided to contain the other prints, which will be placed along with the negatives among the archives, so that the memory of the early pioneers of the district may be perpetuated.

Among the correspondence read and considered was a communication from the Islands District Board of Directors, pointing out that as most of the institutes had voted against holding an Islands district conference this Fall, they were proposing to hold a conference early next year, probably in May, and requested that any resolutions from the local institutes be sent in two months in advance of the conference in order that they might be classified and considered and prepared for presentation. A letter was also considered from Cecil Tice, chief agronomist of the Department of Agriculture, regarding the Provincial potato fair. The members of the Metchosin Institute, however, have decided not to send any exhibit this year. Thanks were received from Miss Frith, principal of the Albert Head School, for the offer of the members to give special prizes to the pupils.

In response to an appeal from the Armistice Period Committee for aid in disposing of poppies, the members decided to send a donation to their fund, as the time is too short now to arrange for a sale of poppies.

Mr. Laing, of the Department of Agriculture, gave a most interesting talk on immigration, speaking of the various methods of colonizing the country. The speaker gave details of the 3,000 family scheme, whereby the Government sought to find British settlers for the 3,000 farms left on their hands by dissatisfied soldier-settlers, and of the scheme for bringing out young men and boys to Alberta, where they are taught Canadian methods of farming at the agricultural school at Vermilion. Mr. Laing told the meeting that for the first six months of this year immigration had increased 52 per cent, most of the immigrants being from the British Isles and the United States. Statistics showed that 4,000,000 people had entered Canada within the last twenty years, though owing to the high price of land only one-twelfth of immigrants come to British Columbia.

The similarity of methods of agriculture in the United States to those of Canada makes the settlers from our neighbors to the south desirable settlers in Canada, and because of the similarity and familiarity with conditions they are usually more or less successful. Mr. Laing pointed out, going on to say that Great Britain does not lose its agricultural population as they are needed where they are, and wages in the agricultural industry appear to be high enough to satisfy the British agriculturist, so that they are not anxious to leave the Old Country to emigrate to the colonies.

A vote of thanks to Mr. Laing for his most interesting and illuminating address was ably moved by Mrs. F. A. Pearce, seconded by Mrs. H. C. Helgesen, and carried with hearty applause. Mrs. H. C. Helgesen and Miss Minns were hostesses at a delightful tea hour, when dainty refreshments were served.

MAY THRILLS PROMISED IN GALA MONDAY

Vancouver Sending Over Splendid Team for Inter-city Swimming Duel

Records May Fall as Swimmers Are in Great Shape After Outdoor Season

Plenty of excitement will be provided at the inter-city swimming gala which will be held by the Victoria Amateur Swimming Club at the Crystal Garden on Monday evening. Vancouver is sending over eighteen fine swimmers to compete against the best of the capital, and a close contest for city honors is expected.

One of the principal events will be the 100-yard swim for men in which two old rivals, Tommy Welburn of Victoria and John Baile of Vancouver will again fight it out. Both have, at present, a number of Canadian and British Columbia championships to their credit, but this will not stop either of them from going out to win something more to add to their honors. Tommy is at present holder of the British Columbia championship.

WOMEN KEYED UP

Audrey Griffin and Gwen Bailey will represent Victoria in the inter-city class, and stiff opposition is expected. Rita Tingley, one of Vancouver's best lady swimmers, will be here for the make both Miss Griffin and Miss Bailey stroke fast to win honors for the Capital City.

It is expected that the relay race will be one of the most exciting events on the programme. Last year Victoria just won by a touch, and it is possible that this year the decision will be just as close. The Victoria ladies' relay team will be composed of Audrey Griffin, Gwen Bailey, Kathie Welburn and Doreen Jones.

The Canadian breast stroke champion, Chuck Hills, will be here for the breast stroke and back stroke races, but Bill Peden and other local boys intend to make him go the limit for the honors. George Burrows took the 100-yard honors in Vancouver with him last year, but local boys intend to take this back to Victoria on Monday.

Victoria generally wins the plunge, and this year will be no exception. The final event on the programme will be a water polo contest between the two cities. Vancouver won the game last year, but local players have been practicing hard and think they have a good chance of turning the tables.

The programme follows: Boys, free style, 50 yards—Fifteen years and under. Girls, free style, 50 yards—Fifteen years and under. Men's 100 yards, free style. Plunge for distance. Ladies' diving. Ladies' plunge for distance. Men's diving. Ladies' plunge for distance. Men's 100 yards, breast stroke. Ladies' 100 yards, breast stroke. Ladies' relay race, 200 yards. Men's 50 yards, back stroke. Ladies' 50 yards, back stroke. Water polo.

Billiards

Results of billiard matches played in the "A" and "B" sections of the Inter-service Billiard League last night were as follows:

"A" SECTION	
Army and Navy	Britannia Branch
Warden	150 Baker

Total	502
Veterans	Pro Patria Branch
Stephens	150 Waterman
Orchard	150 Mudge
Petch	150 Murray
Turner	150 Smith
Total	600
Pro Patria Branch	Garrison No. 1
Smith	150 Sampson
Hurst	150 Austin
Dobbie	150 Morgan
Crouch	148 Collins
Total	598
Britannia Branch	Veterans of France
Stewart	150 Robinson
Thomas	150 Campbell
Harsell	150 Foulton
Hall	148 Hodge
Total	584

Three Clubs Will Play In Kootenay Hockey This Year

Nelson, B.C., Nov. 4.—The West Kootenay Hockey League has been organized for the season with three teams entered from Nelson, Trail and Rossland. F. S. Williams of Trail is president, and S. G. Blaylock, general manager of the Consolidated Mining & Smelting Company of Canada, honorary president. The schedule when arranged will give Trail the opening game.

SWIMS MONDAY

AUDREY GRIFFIN

Always a big point winner for Victoria in swimming affairs, Audrey will again be asked on Monday at the Crystal Garden to help win the inter-city honors for the Capital against Vancouver.

WOMEN KEYED UP

Audrey Griffin and Gwen Bailey will represent Victoria in the inter-city class, and stiff opposition is expected. Rita Tingley, one of Vancouver's best lady swimmers, will be here for the make both Miss Griffin and Miss Bailey stroke fast to win honors for the Capital City.

MORE FOREIGN BOXERS FLOCK FOR BIG MONEY

Tony Ascencio, Feather-weight Champion of France, Among Invaders

Another Firpo, Six-foot-four and 216 Pounds, to Be Exhibited Soon

New York, Nov. 4.—The tide of foreign champions, coming in over the Atlantic to seek world laurels in the "heavy money" fight centres of America, swelled to-day with the announcement that Tony Ascencio, feather-weight champion of France, would land here to-morrow from the liner De Grasse.

Not on the newcomer's trail are Johnny Cuthbert, bantamweight champion of England, and Willie Smith, South American 118-pound king, due here within two weeks to challenge for the title. Among the foremost contenders for Gene Tunney's heavyweight laurels are Paulino Uzcudun, bounding Basque from the Pyrenees of Spain, and Tom Heeney, New Zealand champion, who battles Jack Sharkey in a crucial engagement at the Garden November 18.

Within a few weeks, Tex Rickard expects to introduce Victorio Campolo, his impression of a "bigger and better" Firpo, to New York audiences, in the South American champion's heavyweight debut. Campolo weighs 216 pounds, and is six feet four inches in height.

COMPLICATE SITUATION

The arrival of Ascencio, Cuthbert and Smith will further complicate a situation already badly muddled among the little fellows. Although the bantamweight title has been vacant since the abdication of Charley Phil Rosenberg last winter, Bud Taylor, Terre Haute puncher, is generally recognized as the titleholder.

The foreign newcomers, all of whom are classed as "heavy bantams," probably will see more action, however, in the featherweight class, that now has the boxing commissions of twenty-five states represented on opposite sides of a strenuous title argument.

THISTLES OUT TO CHALK UP SEVENTH WIN

Team Will Be Strengthened to Meet Victoria Wests To-morrow at Central Park

Victoria City Will Clash With Five C's While Esquimalt Meet Scottish

Sanwich Thistles, undefeated leaders of the First Division, will meet the Victoria Wests to-morrow afternoon at Central Park. The Thistles who have six successive victories to their credit, will make every effort to retain their unbroken record. The Wests, who along with Victoria City, are joint occupants of second place, hope to remain in the running for the championship and to do so must turn back the Thistles.

To-morrow's matches are as follows: Sanwich Thistles vs. Victoria Wests, at Central Park. Esquimalt vs. 16th Canadian Scottish, at Beacon Hill, upper ground. Victoria City vs. Five C's, at Beacon Hill, lower ground. All games will start at 2:45 o'clock. With a victory chalked up over every team in the league the Thistles are now sitting in a fine position and are shaping up as this year's city champions. The youngsters, beyond a doubt, are playing good football, and the team that beats them will have to be right on their toes.

CUMMINGS TO PLAY

The Thistles will be strengthened to-morrow by the inclusion of Herb Cummings in their line-up. Cummings, who played a couple of matches with Victoria City, is fast, centres well and has a good shot, and he will greatly aid the line of five league leaders. It is expected that Phillips, who has been playing a sparkling game at outside right, will be moved to inside right or left. Phillips is an all-around man and can play anywhere on the forward line.

The Wests who have been improving since the beginning of the season, hope to have the honor of handling the Thistles their first set-back. Last week the greenhorns defeated the Canadian Scottish.

SHOULD GAIN POINTS

Esquimalt who were handed a surprise packet last week by the City, should have no trouble in gaining another two points at the expense of the Canadian Scottish. To date the Scottish have not built up a win and are in the cellar position.

After losing another game last week by the odd goal in three, the Five C's will attempt to take a fall out of the City to-morrow. Last Saturday the City came through with a 1-0 victory over Esquimalt.

Junior and Juvenile league matches for to-morrow are as follows: JUNIOR LEAGUE

Bapco vs. Esquimalt, Victoria West, kick off at 2:30 o'clock. JUVENILE LEAGUE

Five C's vs. Victoria City, Heywood Avenue, kick off at 11 a.m. Lower Central, kick off at 11 a.m. Under Fifteen Years

Sanwich Rovers vs. Esquimalt, upper Central, kick off at 11 a.m. Esquimalt vs. Royal Oak, lower Central, kick off at 11 a.m. Esquimalt vs. Rovers, Heywood Avenue, kick off at 11 a.m. Esquimalt vs. Rovers, Five C's, upper Central, kick off at 11 a.m. Esquimalt vs. Rovers, Five C's, upper Central, kick off at 11 a.m.

Teams for to-morrow will be as follows: Esquimalt—Bridges, Joe Watt, Wagland, Hosmer, Boyd, Smith, Stewart, John Watt, Burnett, Plump and T. Watt. Sanwich Thistles—Hetherington, Essler, Harper, Miller, Joe Crowe, Jim Crowe, Phillip Minnis, Burns, Saville, Hagee, Robbins, Blomcom, Pye and Thorpe. Esquimalt—Jenkins, Halket, Blanco, Robbins, Scruton, Viggers, Campbell, Hagee, Robbins, Blomcom, Pye and Thorpe.

REFUSAL TO FIGHT CAUSES TROUBLE

JOE DUNDEE

There was an uproar in Los Angeles last night when Dundee failed to appear for his title fight with Ace Hudkins, the Nebraska "wildcat." Dundee's manager held out for \$60,000 before he would let his man go in the ring. He did not get it and the fight was called off. Dundee, the champion now stands a chance of being suspended and Hudkins has claimed the welterweight title.

Last Canadian Rugby Game Will Be Played To-morrow Afternoon

New Westminster Here For First Time; Crippled Capitals Ready to Fight

New English Rugby League Will Open Next Saturday With Two Games

When the curtain drops on Canadian rugby to-morrow afternoon, the athletes will be able to give their attention to the English code, and the Senior League for the British Columbia Rugby League will be in the air. The opening will be staged on November 12, with two games. Four teams are playing in the league this winter.

As far as could be learned this morning one intermediate rugby game will be played to-morrow afternoon. The Oak Bay Wanderers will journey to Brentwood for a match with the College. The wick-off will be at 8 o'clock. The Wanderers' team will be as follows: Forwards, Harrison, Robertson, Miller, Cooper, Sherwood, Pease, Senkler and Backler; half backs, Campbell and Symons; three-quarters, Harris, Showers, McDonnell and Williams; full back, Eagle.

KERSEY DROPS IN BASKET AND FORESTERS WIN

Onwegos Beaten in City Hoop League by Basket Just Before Time

Hudson's Bay Storm Through Navy, Who Show Improvement; College Beaten

Games played last night in the City Basketball League at the Centennial Gym. resulted as follows: Intermediate "A" 16th Scottish 38, Victoria College 21. Senior Men's "C" Navy 10, Hudson's Bays 21. Senior Men's "C" Foresters 31, Onwegos 25.

Of the three games the tussle between the Foresters and Onwegos proved to be the closest and fastest. At half time the Onwegos were leading by one point, but the Foresters, in the last minute, when young Ray Kersey dropped in a neat field-basket to give the Foresters a two-point lead and the game, the score being 31-25. For the Onwegos Warnock had a big night with 19 points, while Reynolds was top man for the Foresters with 13. Bill Erickson handled the whistle in his usual efficient style and the teams were:

Foresters—Reynolds, 13; Kersey, 8; T. Veitch, 2; Mayne, Langley, A. Veitch, 8 and Davis. Onwegos—Grant, 2; Erith, 6; Warnock, 19; Yemena, Johnson, 2.

RAGGED EXHIBITION

The game between the Scottish and the College boys was a rather ragged one with both teams, at times, showing flashes of good combination. The "Kitties" finally emerged victorious, 38-21. J. Brown refereed and the teams were:

College—P. Turgoose, 12; B. Killick, 1; Acres, 6; Craig, 16; H. Killick, 1 and Rolands, 2. College—Temple, 3; Godwin, 5; Fourie, 4; McQueen, 9; Lyons, Gilmour.

NAVY IMPROVE

The Bays took the measure of the Navy by 21-10. Although the Bays nearly doubled the score on the Navy, the sailors showed a big improvement over their last game and will bear watching in future.

A. Veitch was in charge of the game, and the teams were: Bays—Watson, 4; Tripp, 4; Addie, 6; Brown, 1, and Hanson. Navy—Barker, 2; Lewis, 2; Barr, 4; Dickerson, 1; Putman, Leighton and Stone.

Calcatta Foursomes At Oak Bay Draw a Record Entry List

Sixty-four golfers have entered the Calcatta foursomes to be held at the Victoria Golf Club. The draw for the first round has been made and it must be completed by November 13. The second round must end by November 20, the third by November 27, the fourth by December 4, and the final round by December 11. Competitors who fail to complete their matches by these dates will be scratched.

Competitors are asked to get in touch with their partners and opponents and arrange starting times. The draw for the final round is as follows:

J. V. Scrivener and H. E. Beasley, net handicap holes, 11½ vs. H. F. Hepburn and Arthur Gorn, 7½ vs. A. F. Haynes and L. C. Boyd, 7½ vs. T. O. Mackay and L. H. Hardie, 7½ vs. N. Thornton and B. R. Ker, 7½ vs. Dr. Hunter and W. P. Munro, 7½ vs. H. P. Johnson and W. P. Munro, 7½ vs. A. V. Price and Roy Hadley, 6½ vs. W. Pemberton and A. D. Cressie, 7½ vs. J. E. Wilson and J. M. Hedley, 7½ vs. C. Schwenger and C. W. Pangman, 7½ vs. Dr. W. T. Barrett and R. Baird, 8 vs. A. O'Brien and H. B. Ker, 8½ vs. A. H. Ford and H. E. Hunnings, 7½.

Harold Wilson and A. G. Bolton, 7½ vs. Hew Paterson and C. Prior, 7½ vs. A. G. Beasley and H. A. Tomalin, 8½ vs. R. Peachey and B. S. Heisterman, 7½. Capt. J. S. Matterson and C. M. Birnie, 8½ vs. E. D. Todd and E. U. Reid, 7½. Dr. D. M. Baillie and Col. Lightbody, 8½ vs. H. J. Davis and A. D. King, 8½. J. H. Lee and Col. Bennett, 8 vs. Comte Suzanne and James Hunter, 7½ vs. W. Gibson and E. Munro, 7½ vs. Ken Raymont and H. Duke, 8½ vs. Jack Matson and Capt. Merston, 6½ vs. A. T. Goward and General Money, 8½. H. E. Haynes and J. C. Barnacle, 6½ vs. Dr. Scott-Moncrieff and N. F. Ferris, 11½. W. Todd and M. B. Jackson, 9 vs. Charles E. Wilson and Dr. Garresche, 8½.

LED THE ACE AWAY

Ring attendants reported that Dundee had arrived in the dressing-room and was taping his hands preparatory to filling his engagement. This was told to Clyde Hudkins, but the latter was obdurate and led his fighting brother protesting from the ring while the crowd stood open-mouthed waiting for the next development in the comedy of delay.

In the preliminaries, Jackie Fields of Los Angeles was given the decision over Joe Silver, San Francisco, at 147 pounds. Vince Dundee, 147 lb. of the champion, made short work of Eddie Mahoney and knocked him out half-way through the second round. Young Dundee weighed 144½ and Mahoney 141.

Girls' team—A. Rice, T. Clark, A. Stewart, Mary Egan, May Peden, E. Anderson, D. Handy, B. Handy. Brown's orchestra will provide the music for the usual dance after the games and refreshments will be served.

Skating Sessions Started Last Night With Large Crowd

With Jimmy Miller's orchestra providing the latest hits the skating opened at the Arena last night with an attendance of over six hundred. The ice was in good condition, and although a large crowd glided their way over its surface, it remained hard and fast right until the last band. For an opening night the attendance was good and it looks like the Arena will be more popular than ever this season.

Stanley Patrick, manager of the ice palace, stated last night that the season tickets have been selling fast. A band will be in attendance on Tuesday, Thursday and Saturday evenings. On Thanksgiving Day there will be skating sessions both in the afternoon and evening.

HUDKINS SAYS TITLE SHOULD BE GIVEN HIM

Challenger in Last Night's Fiasco at Los Angeles Voices Loud Claim

Joe Dundee, Champion, Faces Suspension; Fans Start to Take Chairs Home

Los Angeles, Nov. 4.—While tangled skeins of a fight fiasco which started as a title bout and ended in a riot of disappointed ticket-holders when it did not materialize, were being unraveled to-day, Ace Hudkins of Nebraska, loudly voiced a claim to the welterweight boxing crown, and Joe Dundee, the champion, faced probable suspension at the hands of the California Athletic Commission.

Failure of the champion to receive \$60,000 which his manager, Max Waxman, claimed under an unofficial contract, with the promoter, Dick Donald, was the crux of the title bout's downfall. Hudkins made a title claim from the ring at Wright Field late last night when Dundee failed to make an appearance. He also declared he would claim the \$5,000 forfeit posted by Dundee's manager with the state athletic commission.

FANS BECOME ROUGH

An announcer made known that the bout had been called "no contest" by the commission, and told the 17,000 seated spectators to hold their tickets for further developments. But the fans who had waited something like an hour and a half for the two main events to put in an appearance, took little comfort from the announcement. They vented their wrath by smashing the ringside seats and were quelled only after a riot call had been given and additional police arrived. Some of the fans took measures to protect their place of admission by starting from the field loaded with folding chairs. They were frustrated in their plan only after the police had brought their night sticks into play.

The three commission members declared a \$60,000 surety bond protected the ticket holders, but sports writers questioned the possibility of making a refund to the ticket holders at general prices, who were neither given rail nor cash. Some fans, however, with which to back their claims. Reserved seat spectators had paid from \$3.30 to \$11 to witness the fight that never was, while the general admission tickets sold at \$2.20.

WANTED MONEY FIRST

Max Waxman, manager of Dundee, declared that the title holder would not enter the ring unless he was paid the \$60,000 which promoter Donald, in a contract, guaranteed him. Waxman said he would produce Dundee within fifteen minutes of the time the money was paid him.

Seth W. P. Strelinger, commissioner of the State Athletic Commission, declared that the only contract on file with that body was one guaranteeing Dundee only a percentage of the gate. This, he said, conformed with the rules of the commission, whereby no fighter could be made a guarantee. If such a contract as Waxman described existed, Strelinger said, it was on the side between Dundee's manager and Donald.

At 10:30 Hudkins, preceded by a floral horseshoe and two policemen, ambled down the aisle and into the ring, where he sat down to await the arrival of the man whose crown he hoped to knock off.

Ring attendants reported that Dundee had arrived in the dressing-room and was taping his hands preparatory to filling his engagement. This was told to Clyde Hudkins, but the latter was obdurate and led his fighting brother protesting from the ring while the crowd stood open-mouthed waiting for the next development in the comedy of delay.

In the preliminaries, Jackie Fields of Los Angeles was given the decision over Joe Silver, San Francisco, at 147 pounds. Vince Dundee, 147 lb. of the champion, made short work of Eddie Mahoney and knocked him out half-way through the second round. Young Dundee weighed 144½ and Mahoney 141.

Play For Turkey

A hidden hole competition will be held at the Colwood Golf Club on November 6. Two prizes will be given, the first being a turkey.

STYMIE STARTS ARMOUR ON HIS WAY TO DEFEAT

Hagen Gains Advantage of Fourth When U.S. Champion Stymies Himself

Mortie Dutra of Tacoma Plays Great Game Against Espinosa, Losing One up

Dallas, Texas, Nov. 4.—In a classic battle of champions, Walter Hagen conquered Tommy Armour yesterday for a semi-finalist position in his fight to regain for the fifth time the titular laurels of the Professional Golfers' Association. Hagen, the defending champion, demonstrated again his abilities when under fire in eliminating the American and Canadian open champion, 4 and 3.

Today Hagen is matching strokes against Al Espinosa, the wily Chicagoan, who defeated Mortie Dutra of Tacoma. "Wash" Dutra went down easily, losing his match, one down on the thirty-sixth green, after a sensational rally in which he won seven holes in a row.

Joe Turnesa of Elmford, N.Y., and John Golden of Paterson, N.J., are the other semi-finalists. Turnesa eliminated Gene Sarazen of New York, former open champion, 2 and 2. Golden turned back Francis Gallet of Watonsa, Wis. 4 and 2. Golden trawled the lead all day with Gallet and finally pulled ahead on the last nine holes.

STYMIED HIMSELF

The break in the Hagen-Armour match came on the fourth green in the morning, when Armour stymied himself after taking the third to be 1 up. On the fourth green Armour and Hagen both had fairly easy putts for a put, but Armour was away and above the cup. His putt missed the cup and rolled behind Hagen's ball for a dead stymie, which he failed to pitch over.

The break cost Tommy any chance he might have had of beating the deadly Hagen, for Armour found a trap on the next hole and was unable to beat the birdie two which Walter achieved at No. 6 with a thirty-foot putt. Armour continued to be wild the seventh, hooked the twenty-eighth behind trees, muffling his out in the foliage and taking a five to give Hagen his fourth straight hole and making him a two up.

UNBEATABLE GOLF

Taking full advantage of this moment of unsteadiness, Hagen played unbeatable golf for the remainder of the match, counteracting any momentary lapses in his game, with streaks of inspired brilliance which kept Tommy down under. Armour worked the count against him to one hole by winning the ninth and the twelfth, but Hagen bridled the thirteenth to go two up, halved the fourteenth, fifteenth and sixteenth, and then bridged the seventeenth and eighteenth to finish the morning round four up.

In the afternoon, Armour reduced his handicap to two holes by winning the twenty-fourth and twenty-fifth with pairs of putts, while Hagen, seventh and thirtieth to go four up again and they both shot four birdies in a row to finish the match at the thirty-third.

Turnesa, like Hagen, won his match by running his opponent out of holes. Sarazen succeeded in squaring the match several times, but was unable to gain a lead on Turnesa, who, in the afternoon, was headed for a 74 in the morning, while Sarazen had to be satisfied with 76 in the morning and had a chance for the same figures in the afternoon.

GREAT MATCH

Dutra and Espinosa put on the most up-and-down match in the afternoon. Dutra was down all morning and did not go one up until the end of the sensational rally at the twenty-second hole, which put him one up. Espinosa won the next three to go back a level on Turnesa's side, and they halved the next entering the back nine with the Chicagoan one up. The twenty-ninth and thirtieth were tied, and Espinosa squared it at the thirty-second, and Dutra went one up again at the thirty-third. Espinosa squared it again at the thirty-fourth, and they halved in four at the thirty-fifth. Dutra found a trap on the thirty-sixth and the match ended.

Keating Teams Win Two Basketball Games

Keating, Nov. 4.—Two very fast and close games of basketball resulting in two wins for Keating teams were witnessed by a large crowd of interested fans from the surrounding district in the Temperance Hall on Wednesday evening. The Victoria Machinery Depot lost to the Keating favorites. At half time the score stood at the close margin of 8-7 in favor of the home team. Keating forced ahead in the second half and won by 18-13.

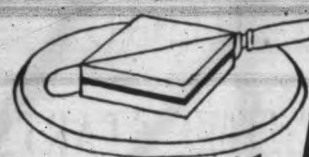

Marigold and district senior team lined up against Keating in the second game. Checking was very close on both sides and the score at half time stood at 12-10 in Keating's favor. In the second half Keating opened by winning by 29-15.

The teams were as follows: V.M.D.—W. Francis, H. Basil, C. Brinkman, D. Grant, C. Mackie. Keating—G. Mitchell, N. Tanner, W. Taylor, M. Bickford, J. Patterson, S. Bickford. Marigold—L. Chester, E. Hunter, D. McCulloch, B. McKinley, D. Payne, G. Barker.

The next games will be played on Friday, November 11.

FIGHT CANCELED

Meriden, Conn., Nov. 4.—A broken cartilage in Louis (Kid) Kaplan's left knee has forced the cancellation of his ten-round bout with Freddie Mustier Buffalo lightweight, scheduled in Buffalo November 24.

Active Winter Programme For Junior Chamber

Industrial and Business Conditions Are to Be Studied;
Debating Unit Formed to Develop Speakers; Cham-
ber-City Co-operation Outlined on Lively Plan of
Work; A. E. Todd and G. I. Warren Address Supper
Meeting

The rapid strides being made by the Junior Chamber of Commerce in all-round activities to afford outlet for the ideas of its members on community affairs was well instanced at the monthly meeting held in the Chamber rooms last night.

The Junior Chamber is aiming at the creation of a Better Business Bureau; will co-operate with the city in industrial research; and plans to study business through the formation of a paper corporation which will have the advice of experts. Action on the Salt Spring Island ferry was indicated, as well as headway made with a plan to stage an exhibit of inventions. The publication of a monthly bulletin, and the formation of a debating wing also drew favorable comment last night.

Junior members supplied much of the programme, receiving as guests on their speech list A. E. Todd, industrial adviser to the city, and George I. Warren, managing secretary of the Chamber. Carew Martin presided, under the plan of rotating chairmen drawn from the membership at general meetings.

The Junior Chamber's orchestra made its first appearance and was well received. Len Acre, Ray Kinloch and William Webb form the nucleus of the orchestra now enrolling players.

ACTIVE PROGRAMME
The report of Archie Muir, president, read by Mr. Martin, showed an active programme of Winter work. This included the formation of a debating unit, under the title of "Effective Speaking Group"; the projected development of a "Better Business Bureau"; an excellent report on the increasing importance of the bulb and seed industry; definite progress towards a Salt Spring Island ferry; and a lively interest in civic affairs which may lead to the nomination of a Junior Chamber candidate in the December elections.

Billy Kennedy, chairman of the industrial group, announced a 6 p.m. dinner meeting of that group for Wednesday next when special business will be discussed. An exhibit of inventions, co-operation with the city's industrial research work, and membership visits to local industrial plants were outlined as coming activities of the group.

Archie Muir reported on the progress made towards the nomination of a candidate for aldermanic office in the December elections, and promised early advice on the result of plans now under way. J. R. Jones announced at meeting of the effective speaking group for Wednesday next at 5 p.m., and told of the great interest developed in the formation of a debating unit.

Roy Hedden reported decided progress on the Salt Spring Island ferry project, with a promise of an early report of some importance in that connection.

Hubert Lethaby showed headway made in a study of the bulb and seed industry, and announced a meeting of growers and those otherwise interested which will be called shortly.

Four new members were welcomed in the persons of W. S. Harrison, Sydney L. Wilson, Fred Hooton and James Dalziel.

Donald Cameron launched the fictitious business corporation, to be formed as a limited company to afford opportunity for the study of business practice in corporate affairs. The "Bogus Company, Limited" will be launched as a separate work of the Junior Chamber, with members of this group as directors of the paper corporation and each holding one share.

Norman Whittaker and Bob Wootton, discussing the relative merits of a partnership and a limited company attracted attention for clear-cut addresses. Both showed the effect of liability incurred under these two forms of business association.

INDUSTRIAL OUTLOOK
Speaking to the Junior Chamber on the industrial outlook for Victoria and its neighboring communities on the southern end of Vancouver Island, A. E. Todd drew attention for a concise survey of present conditions which, he said, augured steady improvement.

The question of industries should be approached from a wider aspect than that of Victoria alone, said Mr. Todd. Victoria County, taking in the Gulf Islands and all portions of Vancouver Island south of Shawnigan Lake were tributary to the same needs and would repay study and simultaneous development.

The industrial outlook for this section included the problems of promoting new industries suitable to the community, and the fostering of those already established. Both problems were of equal weight, and neither could be overlooked, he said.

Many local industries, and these were diversified and numerous to an extent little understood by the general public, had passed their struggling stages and were forging ahead. The support of the public, in many cases, was all that separated these local industries from the tremendous advancement and success that would be theirs in time, and when that support had been won, said Mr. Todd.

The city had fostered a programme of industrial development and was watching the progressive steps of the various undertakings in their preliminary form with keen attention. There was every assurance that the industries to which the public had offered support would be set up here, and would prove successful, he added.

It was particularly true of industrial development that patience was an indispensable factor in successful accomplishment. The seed industry was an example of effort begun in a small way that was now proving capable of great expansion, through perseverance and individual effort.

Young men approaching the business life of the community in these years had every opportunity of making a real success, if they studied and persevered in their objectives, he believed.

Vancouver Island was one-third again larger than Belgium, and far richer in its natural assets. The island was seven times the size of Prince Edward Island, the island which had furnished Canada for years with a long line of distinguished business leaders. It was equally open to Vancouver Island to develop leaders in industrial and other fields, he was convinced.

LOGICAL AREA
The Pacific Coast was developing as a logical manufacturing area, and would in time reverse the position it held in Canada by supplying the East with goods made here. The Junior Chamber could not do better than study the needs of Victoria county, as one unit, and make use of its energy and initiative to accomplish what was required for the development of the whole, he continued. As industrial adviser to the city he would ever be glad to assist in any way that might be suggested, concluded Mr. Todd to hearty applause.

TOURIST TRADE
George I. Warren, dealing with facts and figures for the great increase in the tourist trade, received hearty ap-
plause at the close of an instructive address.

"Tourist trade is now recognized as a most valuable one throughout Canada," he said.

"It is estimated that 360,000 tourists visited this city during the last summer, and if each of these visitors averaged \$20 expenditure in this city, it would mean that over \$7,000,000 of outside money was left here," continued Mr. Warren. "These figures are substantiated by the fact that the

plause at the close of an instructive address.

"Tourist trade is now recognized as a most valuable one throughout Canada," he said.

"It is estimated that 360,000 tourists visited this city during the last summer, and if each of these visitors averaged \$20 expenditure in this city, it would mean that over \$7,000,000 of outside money was left here," continued Mr. Warren. "These figures are substantiated by the fact that the

bank clearings for the four months of May, June, July and August show an increase over the preceding four months of \$6,776,255.

"The bank clearings for these four summer months were over \$41,000,000, and estimating \$7,000,000 of tourist money, it would represent approximately seventeen per cent for the total, even though it is conceded that a greater proportion emanates from tourist business either directly or indirectly. The first ten months of this year show an increase in bank clearings over 1923 of \$11,896,577.

"One hotel showed 60,000 registrations last year, whilst one of our small restaurants during the ninety-day period, served 45,000 meals, most of which were to tourists.

"The tourist industry made Switzerland—and Florida—most largely responsible for California's growth. The tourist exchanges his money for scenery, food, shelter, pleasure, amusement as well as for other commodities. It is often stated that the principal beneficiaries of tourist traffic are the hotels and restaurants, which is a great fallacy.

"The following table of figures, supplied by three hotels of Canada and the United States shows in to what varied places the hotel dollar goes when paid out by the management. Meat dealer, 6.00 per cent; oysters and fish, 2.49 per cent; eggs and poultry, 2.80 per cent; fresh fruit and vegetables, 3.00 per cent; dairy products, 3.15 per cent; wholesale grocer, 4.50

per cent; beverages, 0.51 per cent; salaries, 25.00 per cent; rent, 21.00 per cent; light, heat and water, 7.00 per cent; music, 2.08 per cent; advertising, 1.04 per cent; florist, .95 per cent; decorating and repairing furniture, .80 per cent; insurance and taxes, 5.20 per cent; dry goods and china, 2.12 per cent; miscellaneous expenses, repairs, etc., 12.00 per cent.

"The increase in tourist business in this city and district is almost unbelievable, for instance, in 1920-22, 200 Californians visited Rainer National Park; while in 1925, 15,190 visited that park. In 1920, 8,000 California cars visited the Puget Sound district, while in 1925 34,000 California cars visited the same district.

MOTOR TRAFFIC
"During the present year, from January 1 to October 1, 15,324 crossed to Vancouver Island, an increase of 4,939 cars, or the increase is equivalent to the total number of cars carried to the island during the year 1921.

"In speaking of the development of industries, gentlemen, I would remind you that the tourist industry is probably the most important industry for this city and the outstanding industry for which we are most adapted.

"In 1926 the tourist industry ranked as the fourth industry of this great Province: Lumber yielded \$100,000,000; agriculture, \$80,000,000; mining, \$62,250,000; tourist business, \$46,000,000.

"As a national industry, tourist

trade now ranks third, being surpassed only by agriculture and manufacturing.

"The Financial Post is authority for the statement that the tourist trade into Canada last year gave twice as much revenue as the revenue from the water power plant. Four times as much revenue as the revenue from the fisheries. It is estimated that over \$400,000,000 was left in Canada by the tourists alone," concluded Mr. Warren, who complimented the Junior Chamber on a lively start in its inaugural year.

The first bulletin issued by the Junior Chamber drew encomiums last year. A contest to name the publication, which will be issued monthly, is now under way.

Greville Memoirs
Are in a Tangle

London, Nov. 4.—The Westminster Gazette to-day raised the question of the authenticity of the memoirs of Charles Greville, the publication of which record of happenings in the Victorian Era has stirred up a lot of dust here. The paper printed statements from the heads of the Heinemann Publishing Company to the effect that they had received the completed work from the United States publishers, but on comparing it with the original in the British Museum library they found

passages "so confused and mixed up that it is almost impossible to tell which were Greville's and which are interpolations of the American editor, Wilson."

The publishers requested Doubleday, Page & Company to supply the original matter from which the new edition was prepared, but have not yet received it.

The Westminster Gazette contends the situation must be cleared up if the authenticity of the memoirs is to be accepted.

JUDGES TO RULE ON
AIR REGULATIONS

Dominion-Provincial Conference Asks Supreme Court Where Authority Lies

Special to The Times
Ottawa, Nov. 4.—Who rules the air above Canada? This question, not considered by the Fathers of Confederation sixty years ago, caused the first flare-up in Dominion-Provincial Conference, which held its first sitting here yesterday forenoon.

The Federal Government has sought control of the air through the licensing of all pilots. The Province of Quebec challenges Federal authority. So it came about that Premier Taschereau and Hon. J. L. Ralston, Minister of National Defence, clashed sharply before the conference was thirty minutes old. The dispute turns on the meaning of the word "navigation" in

the British North America Act and it was decided to submit this to the Supreme Court of Canada for interpretation.

At the conference there is evident among the delegates a disposition to put the position of the Federal Government under a microscope.

Thanks Resolution
Given Rev. Carroll

The resolution passed at the meeting on Wednesday of the Victoria Lawn Tennis Club, thanking the retiring president, Rev. Wm. Carroll was as follows:

"That this club hereby records its warm appreciation of the splendid service rendered not only to our club but also to the cause of tennis by the Rev. Carroll, both as a member for some years of our committee and as a representative of the Canadian Lawn Tennis Association and other organizations for the promotion of tennis, and wishes him a long life to enjoy the same."

"He could not resist her lustrous orbs," says a serial. The eyes have it.

VIEWS OF PREMIERS
ON SENATE REFORM
STATED AT OTTAWA

Abolition Proposal Finds No Support at the Federal-Provincial Conference

Other Suggestions Taken Under Consideration by Federal Government

Ottawa, Nov. 4.—The Dominion-Provincial Conference devoted its entire afternoon session to-day to an extensive and highly diversified discussion of the subject of the Senate reform, said the official reports of the proceedings given out last night.

"While on the question of abolishing the Senate the members of the conference were unanimous in opposition, and while there was practically unanimity as against the principle of an elective Senate, there was a considerable conflict of opinion on many of the other suggestions of reform which have been common currency in the Dominion for many years past and which are continually cropping up in Parliament and elsewhere.

The discussion, in which the Premiers of all the provinces participated, was introduced by a historical review presented by Hon. Ernest Lapointe, Minister of Justice, was carried on a very high plane and indicated the delegates had given all their thought and much original attention to the much vexed question. At the conclusion of the discussion, Mr. Lapointe stated the Government would take careful cognizance of the views put forward.

B.N.A. ACT CHARGES.
"To-morrow the conference will undertake consideration of item two of the agenda, which deals with procedure in amending the British North America Act."

LAPOLITE SPOKE
"Introducing the question of Senate reform this afternoon, Mr. Lapointe stated the Government had been instructed by the House of Commons to submit the question to a provincial council."

The resolution passed was to the effect that the Senate as at present constituted was not of the greatest advantage to Canada, and that the question of amending the British North America Act in regard to the powers and constitution of the Upper Chamber should be submitted to a conference. This resolution was carried by a vote of 120 to 39. During the same session there was a paragraph in the speech from the Throne referring to the matter.

SEVERAL PROPOSALS

"The Minister in his review cited the many varied proposals which had been made from time to time with regard to the Upper House. Among those proposals were first, abolition; second, the adoption of the elective principle—direct or indirect; third, combination of both the appointive and elective principles; fourth, a fixed and limited term of office; fifth, an age limit, with possible superannuation, and sixth, bringing of the rela-

tions between the Upper and Lower Chambers in accord with the relations between the House of Commons and the House of Lords in Great Britain. The latter has reference to the powers of the Upper House in the matter of vetoing money or public bills.

ABOLITION NOT SUPPORTED

"It may be stated the question of abolition had not a single backer in the conference. A comparatively small body of opinion favored some change which might bring the Upper Chamber more closely in contact with the electorate, though this was regarded as at variance with the British system of government upon which the Canadian system is based. With respect to fixed terms of office and an age limit, there was a wide divergence of opinion, these proposals being not generally regarded as vital when the question of reform is being considered.

"The British system, under which in 1911 the powers of the House of Lords with regard to money and general bills initiated and passed in the representative chamber were restricted, was discussed at considerable length during the conference, while reference was also made to the systems of existing governments in the other Dominions of the Empire.

RIGHT OF PROVINCES

"Throughout the discussion the right of provinces to be consulted on such an important matter as this was frequently emphasized.

"While there was a strong body of opinion in favor of any reforms which might strengthen the general machinery of Parliament, there was no attempt on the part of any speaker to minimize the value of a second chamber.

"Frank and candid views were expressed by all the speakers present."

LEADERS' VIEWS

After the session it was reported Premier G. Howard Ferguson of Ontario, Premier L. A. Taschereau of Quebec, Premier J. B. M. Baxter of New Brunswick and Premier E. N. Rhodes of Nova Scotia had voiced their opposition to Senate reform.

Hon. Robert Hoey, Minister of Education of Manitoba, it was stated, advocated the British scheme of having a bill become law after having been passed three times by the House of Commons, in disregard of the Upper House. Mr. Hoey also advocated, it was reported, the limiting of the age to seventy-five years.

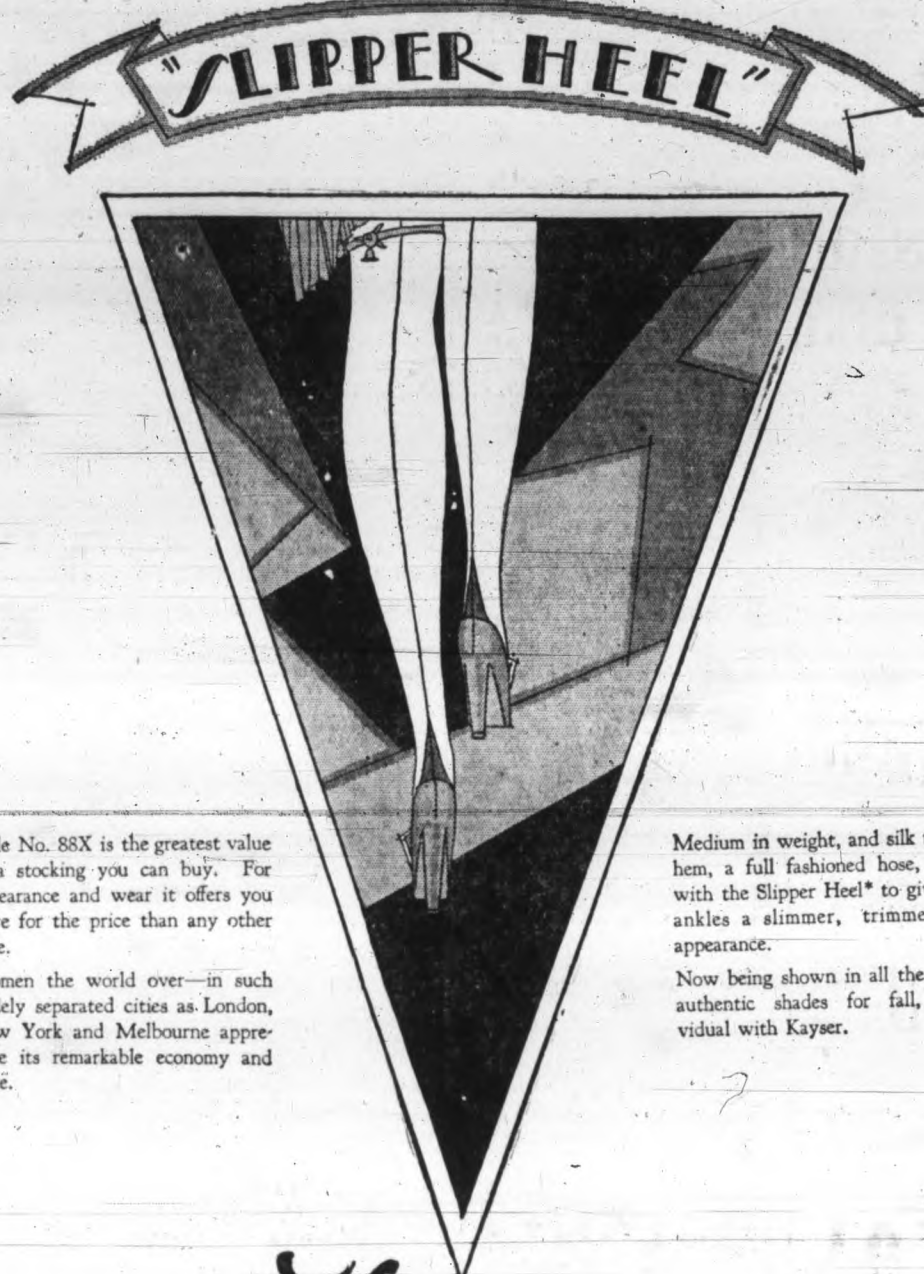

Premier J. E. Brownlee of Alberta and Premier J. D. Gaultier of Saskatchewan supported the suggestion of Senate reform. British Columbia's position was described as somewhat non-committal; while it was said Prince Edward Island, in certain respects, indicated a favorable view towards the suggestion of reform.

RUN TO FORM

Los Angeles, Nov. 4.—Preliminary matches in the Pacific Coast Amateur wrestling championship meet last night resulted generally according to expectations, with Los Angeles clubs taking a slight edge. The finals will be held to-night.

In an international bout 145-pound classic Bert Sherman, Multnomah A.C., defeated William Stewart, unattached (decision.)

CHICAGO URGED TO
DISPLAY CIVIC PRIDE

Church Pastors Express Views on Subjects For Prayer While Mayor Busy

Chicago, Nov. 4.—Although ignoring a Canadian suggestion that the League of Nations set aside a day of prayer for the "redemption of Chicago," a number of preachers of the city have outlined their ideas of what should be asked for in prayers for America's second largest city.

Rev. Dr. George Craig Stewart of St. Luke's Episcopal Church suggested a prayer "that we may keep our good humor and take a joke blithely when the laugh is on us. Also, that we may have the humility to see Chicago rapidly becoming the wonder city of the world without ourselves becoming, as the Scotch say, 'over boastful'."

CIVIC PRIDE
Rev. Charles W. Oulker of the Hyde Park Baptist Church said he would pray first for the recovery of the city's civic pride—to realize that it is more than a joke to be the laughing stock of the world, "especially when our public schools are being exploited by unscrupulous politicians who care no more for our children than our city's good name."

None of the spiritual leaders took seriously the suggestion that an appeal should be made to the League for a day of prayer for Chicago, made by a Canadian in a letter to Premier King Wednesday.

Brantford Invites Mayor Of Chicago

Brantford, Ont., Nov. 4.—The Brantford Young Men's Board of Trade yesterday dispatched a telegram to William Hale Thompson, mayor of Chicago, requesting him to accept an invitation to come to Brantford and justify his position in regard to his anti-British propaganda campaign. The date for the mayor's appearance was set by the young men as Tuesday, December 6, 1927.

CHICAGO MAYOR'S PLAN IS OPPOSED

Buffalo, N.Y., Nov. 4.—The America First Foundation plan, launched by Mayor William H. Thompson of Chicago, continues to find little support in this vicinity. Following rejection by Buffalo, Mayor Thompson is now voicing his opposition on the ground that such organizations are "too easily

made the means of propaganda for racial or religious prejudices. He suggested the objects of the Foundation could be attained better through instruction in the public schools.

SAMOAN DISORDERS
DEBATED AT GENEVA

Geneva, Nov. 3 (Canadian Press Cable via Reuters).—The causes of the troublesome situation in Samoa, over which New Zealand holds a mandate, have been communicated by Sir James Parr, High Commissioner of New Zealand in London, to the mandate commission of the League of Nations here through the medium of a telegram from Rt. Hon. J. G. Coates, Premier of New Zealand. The annual report on Samoa came up for examination to-day and the situation was considered.

The telegram stated the principal cause of the disturbances were dissatisfaction of certain traders regarding the regulations made by the mandate commission for the sale of copra and the suppression of the consumption of alcoholic drink among natives by the Europeans.

PUBLIC HEALTH

Another cause of the dissatisfaction, said Sir James, was the excessive expenditure on the maintenance of public health and other social activities. Sir James Parr contended experience had shown the expenditure was justified.

From a commercial standpoint the regulation of the price of copra would result in the additional cultivation of the coconut tree and better sale prices, say the telegram.

Savings bank deposits had considerably increased, he pointed out, and taxation had been reduced from forty to thirty-six shillings a head.

Sir James Parr suggested the mandate commission should suspend judgment pending the receipt of the report of the royal commission of inquiry appointed by the New Zealand Government to investigate the Samoan situation.

"Yes," said the bald man to a farmer, "too." "Well," said the farmer, "it ain't no good thatching empty barns."

"You can't have hair and brains."

their women, their feuds with each other, their battles with police, their marauding expeditions into treasure vaults—all are shown in a realistic manner by Josef Von Sternberg, Paramount director.

Hector Turnbull, under whose supervision the picture was produced, says:

"One of the chief difficulties of making the picture was in finding a cast capable of sincerely handling the powerful characterizations called for. We succeeded, as the roll call of players shows. The names are all famous—George Bancroft, Clive Brook, Evelyn Brent, Larry Semon and Fred Kohler—are among them. The striking performances they have given make it worth while."

"Underworld" plays at the Capitol Theatre all this week.

On the stage at the Capitol Theatre this week the management are offering three exceptionally fine vaudeville attractions, which include Ted Morris, an exceptionally fine eccentric dancer, Leo Courville, the boy who sings songs you like, and The Steeler presentation introduces Kathryn Brown and company of artists supreme, in a novelty surprise offering. The concert orchestra will also be featured.

ACTORS WHO ROSE
FROM NOTHING ARE
SEEN AT PLAYHOUSE

Poor boys seem to find success in the motion picture world. Consider those in First National's latest feature picture, "The Poor Nut," which is now showing at the Playhouse Theatre.

Jack Mulhall, who plays the title role, also started on his own. Charlie Murray, chief comedian, and another who didn't have two quarters to rub together.

DAVID TORRENCE IN
PROMINENT ROLE AT
DOMINION THIS WEEK

David Torrence, famous stage and screen star, plays Lillian Gish's father, in the role of Sir Robert Laurie, famous Scottish historic character, in "Annie Laurie," Miss Gish's new Metro-Goldwyn-Mayer play, at the Dominion Theatre. It is a vivid drama of the Highlands, in which a huge cast of principals and several thousand others take part. John S. Robertson is the director.

GRIPPING STORY OF
"BIG TOP LIFE" NOW
AT THE COLUMBIA

"The Circus Ace," now showing at the Columbia Theatre, is a gripping story of Big Top Life, with Tom Mix in the centre of thrilling action. Natalie Joyce, a beautiful Southern girl, is seen opposite the Western ace. Tony, always in the centre of activities, gives Tom some remarkable cooperation in the destruction of the death-trap which the plotters have arranged for Mix. Fast riding and breath-taking stunts follow in rapid succession. Tom does a flying leap that eclipses anything of the kind he has ever attempted before the camera.

COMEDY PROVIDES
ENTERTAINMENT AT
GARDEN TO-NIGHT

A stolen necklace is the cause of all the confusion at the house party of Colonel and Mrs. Jardine. One of the guests, a young man of weak character finds the temptation too great and steals the necklace. Other guests are of course suspected and the muddling attempts at detective work on the part of the Colonel leads to many hilarious moments. Nor does the exasperation of the hostess smooth the troubled situation, it simply aggravates matters and leads to further fun and merriment. A particularly strong cast has been selected for this week's play, including as it does, Mrs. Legge-Willis, Miss Iona Robertson, Miss Clare Vincent, Mrs. Sturrock, Mr. Legge-Willis, Mr. Blomfield, and P. E. Corby.

The Crystal Garden concert orchestra will also contribute several selections from popular productions and the evening's entertainment will conclude with two hours of dancing.

BE FEATURED AT
ROTARY CARNIVAL

The box office value of laughter has never been more strikingly shown than in the career of the comic skating team of Shipstad and Johnson, who are being brought to Victoria by the Rotary Club as headliners in the magnificent ice carnival to be presented at the Arena on Saturday, November 19.

Shipstad and Johnson have earned the highest award which awaits the successful entertainer, their varied act is accompanied by volleys of laughter from the moment the imitatable clowns take the ice. Both men are remarkable for skating ability, but their firm grip on popularity is rooted in the innate wit with which their entertainment scintillates.

Colwood

Colwood, Nov. 3.—A meeting was held in the Colwood Hall on Tuesday last in connection with the newly formed district Badminton Club, to be known as the Colwood and Langford Badminton Club. The president of the club is W. Bickford, a well-known old-time resident of the district, and the secretary is Miss Hawkwood, principal of Colwood School. The playing committee consists of Miss Hawkwood, Mrs. LeQuense and Mr. Bickford. It is announced that a demonstration game will be played in the Colwood Hall on Tuesday evening next, November 8, at 7.30, and intending players are asked to be present. Weekly meetings will be held and an effort will be made to interest all badminton players in the district and surrounding districts in the club.

Divine service will be conducted in the St. John's Church, Colwood, on Sunday morning, November 6, at 11 o'clock, to be followed by Holy Communion, by the Rev. H. B. Allen, vicar of the Parish of Colwood and Langford. A special subject of Sunday's service will be the Armistice Period and all returned soldiers are requested to attend with their families.

PANTOMIME'S
DRAWING CARD

"Aladdin" Is Complete Production With Novelty Scenic Changes

"Aladdin," the Old Country pantomime which drew another enthusiastic house to the Royal Victoria Theatre last night, is a complete production with clever leads and a variety of novelty scenic changes.

It comprises an adaptation of the nursery version of the Arabian Nights' entertainment of Aladdin and his wonderful lamp, combined with plenty of up-to-date comedy, song hits, dancing and choruses.

Dave Lee, the principal comedian, is a remarkably clever pantomime artist with a splendid voice, an inexhaustible sense of humor, and ability to burlesque anything. His chief assistant, Fred Eolgaast, appear in the guise of a sinister Oriental wizard, and lends splendid support at all times. Bertha Russell, the principal boy, is a slim, fascinating figure, debonaire and charming, who sings, dances and speaks with a delightful insouciance at all times. Lillian Barrows possesses a distinctive personality and her songs are always cheered. Molly Moltena has the song hit of the show and does it ample justice.

Harry Gilmore, as the Widow Twankey's Cat, contributes a brilliant bit of animal impersonation. The Four Wards are a quartette who can sing, dance and contribute excellent comedy. And the Lorenzi Brothers do a bit of most diverting burlesque boxing. The English Rosebuds are a pretty ballet which challenge comparison with the best Tiller organization.

Scenically and from the viewpoint of costumes and lighting effects, "Aladdin" is a very colorful, diverting and lively show.

The pantomime will be repeated to-night, and to-morrow night with Saturday matinee.

Pretty Bad

"You'd never think this car was a second-hand one, would you?"

"No, it looks as if you'd made it yourself."

WANTED

50 Thousand
Skinny Men

To Put on at Least Five Pounds
of Solid Flesh in Thirty Days

Countless thousands of underweight men and women have got rid of that scrawny face and figure by a simple easy treatment that is sure and inexpensive.

It's really marvelous how quickly those who try it take on flesh where flesh is most needed.

Hollows in neck and chest fill out and narrow-sunken chests begin to take on a decided manliness in just a few weeks.

The one great scientific weight producer that people who need more flesh can depend upon is McCoy's Cod Liver Extract Tablets and besides helping you to bring to those who take them more energy, strength and vigor—they have proven a superb tonic.

McCoy takes all the risk—Read this ironclad guarantee. If after taking 4 sixty-cent boxes of McCoy's Cod Liver Extract Tablets or 2 one-dollar boxes and thin, underweight man or woman doesn't gain at least 5 pounds and feel completely satisfied with the marked improvement in health—McFarlane Drug Co., Vancouver Drug Co., Owl Drug Co. or any druggist is authorized to return the purchase price. HINDU DRIVER IS
SEVERELY TREATED

An outcome of the collision of Wednesday afternoon on the East Saanich Road outside the Gange Board farm, when Thomas Davies and Lakhe Singh drove into collision, the former was charged before Magistrate Jay in the Saanich police court yesterday afternoon. He was fined \$25.

Alberta's \$5,820
Suit Dismissed

Edmonton, Nov. 4.—The civil action brought by the Alberta Provincial Treasury against George P. Smith, former Minister of Education, for the recovery of \$5,820 alleged to have been paid out in 1921 for "printing not done," was dismissed by Mr. Justice Hyndman in the Supreme Court here late yesterday afternoon.

The judge's decision closed the third and final chapter of the Government printing affairs of 1921, which resulted in a royal commission in November, 1923, and a criminal trial in February, 1926, at which the jury acquitted G. P. Smith of a charge of theft.

BALANCING OF EVIDENCE

In his finding Mr. Justice Hyndman said it was a case of preponderance of evidence, and as far as it went he would not feel justified in finding "that the defendant got this money."

Evidence at the final hearing yesterday was given by Mr. Justice Boyle, former Attorney-General; Mr. Justice Mitchell, former Provincial Treasurer; Mrs. Marjorie Cobblewick, former stenographer of the defendant; G. F. Gernero of Regina; Norman Smith, brother of the defendant, and C. H. Stout.

Commission evidence from Duncan Marshall, former Minister of Agriculture, was also given.

NEW STAGE RUNS
ON SOOKE ROADNew Link Forged Between
Western Country and
Victoria Yesterday

H. G. MacDonald's new Stewart six-cylinder motor stage, with a specially constructed body and cushioned cane chairs, made its inaugural run over the much-improved highway which is a connecting link between the Sooke Harbor residents, Jordan River people and Victoria.

A party of Victorians made the trip to Sooke and return on the new stage yesterday morning, stopping for lunch at the Belvedere Hotel. Alderman H. Cuthbert Holmes, acting for Mayor Penderay, A. E. Todd, Reeve Williams, Crouch of Saanich, George I. Warren and Claude L. Harrison, were included among the guests.

They felt, as Mr. Todd expressed it when speaking on behalf of the party and giving thanks for the hospitality of Mr. MacDonald and the proprietors of the Belvedere Hotel, that they had seen another indication of the volume of traffic which would sometime or other follow the Victoria-Sooke Road, and that the new stage should be considered a distinct forward move. Sooke, he said, was developing. It would continue to develop as a mecca for tourists and as an industrial territory in time, he thought.

Place and the Girl

Old Lady: "I want a ticket for Florence."
Ticket Agent (after searching in vain for ten minutes): "Where the deuce is Florence?"
Old Lady: "Sitting over there on the seat."

Slow Down

Wife (at the radio): "What is it that whistles when I turn the dial?"

THIS SCOURGE
WAS DRAGGING
HIM DOWNALL-BRAN gave him new
lease on life when it
checked constipation

No matter how chronic constipation has become—no one need give up hope of relief. Read Mr. Williams' cheery message:

"I am on the down-grade in life. Never had any sickness, but of late years have been troubled with constipation. Began to make up my mind that I was about done up. Have taken tablets, eaten fruits, etc., but did not get much help. Began to use your ALL-BRAN twice a day. Have gained 5 pounds. Feel like a fighting cock. Bowels are regular. You have certainly done a lot for humanity."

L. G. Williams (Address on request)

ALL-BRAN is guaranteed to relieve constipation. Eat two table-spoonfuls daily—in chronic cases, with every meal. Doctors recommend Kellogg's because it is 100% bran—100% effective.

Delicious with milk or cream—and add fruits or honey. Ready to eat. Fine in cooking. Sold and served everywhere. Made by Kellogg in London, Ontario. Recipes on package.

Kellogg's ALL-BRAN

Husband: "That means that you're coming to the next station."

\$11,000 ROBBERY
IN MONTREAL

Montreal, Nov. 4. — Police are searching this city for a safe and the \$11,000 it contained when removed from a shop of the Piggy-Wiggy Corporation yesterday by thieves.

"\$14.98, as advertised"

"How do you spell 'financially'?" asked a college student of his room-mate.

"F-i-n-a-n-c-i-a-l-l-y," said the room-mate, spelling out the word slowly. As an afterthought, he added: "And 'embarrassed' has two r's and two s's."

How often have you said to a salesman, "That's more than I care to pay?" If you had known the price in advance, you would have been spared this little embarrassment. That's one of the great services rendered by newspaper advertising.

By reading the advertisements before going to the stores, you know what you will have to pay for an article. You need not reveal your financial status to a salesman. You perhaps do not like to ask the price of goods, anyhow. If the merchant has told you the price in his advertisement, you do not have to ask.

Any way you figure it out, it pays you to read the advertisements. Regularly! The one advertisement you skip may contain just the news you would have welcomed. Read all the advertisements you can. Keep informed.

The intelligent way to shop is to read the advertisements and then go to the stores that offer the best values. Make notes beforehand of the articles that interest you. That's the way to get the most for your money. That's the way to save time.

When you know the price in advance, you can ask to be shown the goods "as advertised"

MONTREAL

(By B.C. Bond Corporation direct wire)
Montreal, Nov. 4.—Dominion Glass and Mackay Companies strong spots in dull and slightly easier market. Traders are seldom inclined to make new commitments on the eve of a three-day holiday, and the Montreal market was dull and featureless this morning. To-morrow and next Monday the exchange, curb and the mining exchange will be closed.
Two of the most important price changes were registered in the specialty department. Dominion Glass, which opened 2 up at 139 1/2, rose to a high of 140, holding that price up to the close, and Mackay Company, which sold up 3 on a single lot from 115 to 118.
National Breweries eased off to 98 1/2, firmed up to 99 1/2, unchanged from last night. Alcan 39 1/2, with a net decline of 1/4 to 39 1/4.
Waymack's three-point decline and Spanish River's 3 1/2 point reaction to 148 for the Preferred, were the only important changes in the pulp and paper section.
Two newcomers to trading on the curb attracted attention in the morning session. New Canada Cement was traded in regularly on the "when and if" basis on the unlisted reports of a good demand was in evidence. The common sold firm at 33 while the preferred, with bonus advanced from an opening of 105 1/2 to 106 1/2, closed at 106 1/2. The preferred without bonus gained two points from initial sales at 94 to a close of 96.
Last night's market was a close of 96.

To-day's Mining Markets

STOCKER STOCK SELLS AT 18.00

Caulfield Stocker was again the feature of the Victoria market, climbing on vigorous bidding, four points to-day to sell at 18.00 and close on the range of 17.00-18.00. There was only a twenty share lot offered on the exchange at the close of the market at the 18.00 price. The stock has climbed 8.00 a share in three days.
The selling of Big Missouri is beginning to dry up. Up until yesterday the Tacoma pool had unloaded 47,000 of stock. They had to sell only enough stock to raise \$50,000, which is their proportion of the money which they have to put up in the deal with the Consolidated for the operation of the property. Now that this money has been raised, chiefly by selling the stock in Vancouver and Victoria markets, it is thought that Big Missouri stock may have a better chance to become interesting on the market.
Doings are expected shortly in Malaspina in the matter of the deal with the British Metals and Leadsmith. The examination of the Malaspina property has been completed by the British Metals engineers, who returned from the mainland via the Victoria. The report on the property is favorable. Under the terms of the proposed deal, the British Metals will finance the operations at the Malaspina and take the output. For the money that is put up for operation, the British Metals will receive Malaspina stock, with the declared intention of eventually accumulating a controlling interest in the stock.

"WEAR A VETCRRAFT POPPY"

TO-DAY'S GRAIN MARKETS

(By Branson, Brown & Co. Limited)
Winnipeg, Nov. 4.—Wheat: After opening unchanged this morning the wheat market displayed eagerness and sold off about 1/4 cent, getting up against the daily bids which held it steady for a short time, but the market again turned heavy on commission house selling and very poor support and prices declined 1 1/2 cents under the close of Thursday. There were a few slight rallies from the extreme dip, but they were only feeble and appeared difficult to hold. Export demand for the local pit was not in evidence, and private advices from New York were to the effect that the Canadian pool was under-selling the trade from three to five cents in an effort to unload part of the heavy supplies now accumulated. There was moderate speculative buying in the May futures at around 61.50, but there was plenty of wheat for sale, and buyers had no difficulty in securing requirements. Western Canada weather continues mostly favorable, an odd snow flurry and probably a little colder. Country marketings Thursday were 8,008,498 bushels against 4,164,502 last year. When inspections Thursday were 774 cars, of which 1257 graded contract. Deliveries into the clearing house to-day were 449,000 bushels of three northern. World shipments this week were 1,733,000, according to Bradstreet's.

TIMES CLASSIFIED ADVERTS. BRING SURE RESULTS.—PHONE 1090

Victoria Daily Times

Advertising, Phone No. 1090

RATES FOR CLASSIFIED ADVERTISING
Situations Vacant, Situations Wanted, To Rent, Apartments for Sale, Lost or Found, etc. 15c per word per insertion. Contract rates on application.

No advertisement for less than 25c. Minimum, 10 words.
In computing the number of words in an advertisement, estimate groups of three or less figures as one word. Dollar mark and all abbreviations count as one word.
Advertisers who so desire may have replies addressed to a box at The Times Office and forwarded to their private address. A charge of 10c is made for this service.
Birth Notices, \$1.00 per insertion. Marriage, Card of Thanks and in Memoriam, \$1.50 per insertion. Death and Funeral Notices, \$1.50 for one insertion, \$2.50 for two insertions.

BOX REPLIES AVAILABLE

Letters addressed to the following boxes are available at the Times Office on presentation of box tickets. Maximum results are obtained by advertisers who follow up replies promptly.

300, 402, 403, 404, 405, 531, 609, 714, 717.

LAND ACT

Notice of Intention to Apply to Lease Land in Victoria, Land Recording District of Victoria, and Situate Cowichan Bay. Take notice that Alexander Alfred Plummer of Vancouver, British Columbia, occupation civil engineer, intends to apply for a lease of the following described lands: Commencing at a point planted 250 feet in a northerly direction from the northeast corner of Lot 160, Cowichan District, 40 chains, thence northerly 40 chains, thence westerly 40 chains, thence southerly 160 acres, more or less, the said point 250 feet southerly from said point being the northeast corner of Lot 160, Cowichan District. ALEXANDER ALFRED PLUMMER. Dated October 3, 1927.

LAND REGISTRY ACT

Section 160
In the Matter of Lot 10, of Section 22, Victoria District, Plan 1002

Proof having been filed in my office of the loss of Certificate of Title No. 2313 of the above mentioned land in the name of David Herbert Bale, and bearing date the 9th day of July, 1918, I hereby give notice of my intention, at the expiration of one calendar month from the first publication hereof, to issue to the said David Herbert Bale a provisional Certificate of Indefeasible Title in lieu of such lost Certificate.

"Any person having a claim or interest in such lost Certificate of Title is requested to communicate with the undersigned."

Dated at the Land Registry Office, Victoria, B.C., this 2nd day of November, 1927.
H. J. CRANE, Registrar.
Victoria Land Registration District.

ASPIRIN

To break a cold harmlessly and in a hurry try an Aspirin tablet. And for headache. The action of Aspirin is very efficient, too, in cases of neuralgia, neuritis, even rheumatism and lumbago! And there's no after effect; doctors give Aspirin to children—often infants. Whenever there's pain, think of Aspirin. The genuine Aspirin has Bayer on the box and on every tablet. All druggists, with proven directions.

Physicians prescribe Aspirin;
it does NOT affect the heart

Aspirin is the trade mark (registered in Canada) indicating Bayer Manufacture. While it is well known that Aspirin means Bayer manufacture, to assure the public against imitations, the Tablets will be stamped with their "Bayer Cross" trademark.

ONE DOLLAR DAMAGE AWARD

Toronto, Nov. 4.—Damages to the amount of \$1 were the award a special assize jury here returned late last night for Rev. Father James Minahan in his \$25,000 suit against Dr. N. H. Beemer, superintendent of the Mimico Asylum, for alleged improper incarceration.

REGIMENTAL ALLIANCES

London, Nov. 4 (Canadian Press Cable)—King George has approved of an alliance of the York Rangers of Canada with the Green Howards and of the Toronto Regiment of the Non-Permanent Active Militia of Canada with the King's Regiment of Liverpool.

Gas, biliousness, heartburn, dyspepsia, and similar ills will not trouble you if you take Scigel's Syrup. Any drug store.

Keating

The members of the Young People's Club of the South Saanich United Church, enjoyed a jolly evening in the Church Parlor on Tuesday evening at a Halloween social, arranged by the social conveners, Misses Violet McNally and Hazel Lamont. The room was seasonably decorated with Halloween streamers and cut outs, and each person present donned a fancy paper hat. Halloween games, including fortune telling and ducking for apples caused much fun, and several contests were held. Miss Lillian Dearing and William McLure won a "cat" contest, and Janet Sherring and William McLure were winners in a nut guessing contest, and each was presented with a prize. Refreshments were served, the supper table being decorated with streamers, the centerpiece being a pumpkin face holding a fortune for each guest, obtained by pulling a ribbon. A business meeting was held prior to the social, the president, Miss Christie MacNab, being in the chair. A donation of fifty dollars was voted to the church fund for the year ending December, 1927. Rehearsals are now being held for the play, "Safety First," to be presented by the members. This was previously announced for December 1, but it has been decided to postpone the presentation until early in the New Year. A most interesting paper on the origin of Halloween was read by Miss Christie MacNab, during the evening. The next meeting on Tuesday, November 15, will be in charge of the religious conveners, Miss Lillian Dearing and Rev. Mr. Lees.

Thanksgiving services will be held in South Saanich United Church on Sunday morning, November 6, at 11 o'clock. The pastor, Rev. M. W. Lees, will deliver the thanksgiving message and special music will be rendered.
Roast chicken, delicious salads, pies, fruits, cakes and other goodies will be served at the annual chicken supper and dance to be held in the Temperance Hall on Thanksgiving Day, November 7, under the auspices of the South Saanich Women's Institute. The supper will commence at 7 o'clock and will be followed by dancing to the strains of Kinlock's three-piece orchestra.

Keating, Nov. 4.—The South Saanich Women's Institute held the first wool bee for the season in the rooms at the Temperance Hall on Thursday afternoon. About seventeen members were present, and one wool comforter was completed and work commenced on another. Lunch and afternoon tea were served, enjoyed. A short business meeting was held when final arrangements were made for the chicken dinner and dance to be held on Thanksgiving Day in the Temperance Hall. Donations of bottled fruit

and jam were received during the afternoon and will be forwarded to the Solarium.

A jolly children's Halloween party was held at the home of Mr. and Mrs. C. E. Warner when they entertained a number of the little friends of their son, Richard. Outdoor games were played during the afternoon, after which Halloween contests were held indoors. A delicious tea was served at 5 o'clock, the tea table being pretty with Halloween decorations. The guests were Helen Young, Wilma Ambrose, Dale Sutherland, Barbara Warner, Roy and Norman Cuthbert, Karl Young, Basil and Stewart Munnell, Ewan Rowntree, Tommy Butler, Lawrie Patterson and Richard Warner.

WILL COMPLY WITH BY-LAW FOR SIGNS

Restriction of Sign Sizes in
Oak Bay Now Closed
Incident

Real estate firms will comply with the Oak Bay sign-by-law, restricting the size of real estate signs, the council was informed last night. This communication followed unsuccessful petitions by real estate operators to gain an alteration in the by-law passed by the municipality some weeks ago.

Two by-laws were given final passing last night. These were the Rate Reduction By-law and Tax Sale Exchange By-law No. 4 dealing with lands sold for taxes at the sale this year.

Another complaint to the building of the garage on Beach Drive for the Beach Hotel, a project which was last night refused by the council, last night, was received in a letter from Mrs. E. M. Gerrard-Mason, 1206 Beach Drive.

Furthering the council's decision to open negotiations with the Chinese Consolidated Benevolent Association regarding the discontinuance of burials in the Chinese cemetery with the council accepted an invitation from the armistice period committee to attend the memorial service at the Royal Victoria Theatre next Sunday.

The action of the committee to grant permission to the armistice committee to sell tags in Oak Bay was endorsed.

An offer of Pemberton & Son to purchase lot U on Marine Street was accepted for the price of \$450 and the usual commission.

The construction of a new house on Bragg Street had caused a fire hazard, J. A. Hibberson, a resident informed the council. This matter was referred to a report by the engineer.
